

## NEW RAIL WAGE REDUCTIONS MADE

DELEGATES OF  
3 STATES WILL  
COME TO CITY

Irrigation Congress Which Opens  
Tomorrow Expected to Bring  
Representative Men

## IMPORTANT PROBLEMS

Whole Subject of Irrigation Will  
Be Canvassed in Two-Day  
Meeting, June 7-8

Men from three states intensely interested in the future development of North and South Dakota and Montana are expected to gather in the house of representatives chamber in the state capitol tomorrow afternoon at 1:30 o'clock when the third Irrigation Congress opens.

E. A. Williams, chairman of the organization, has received word that the state engineering departments of Montana and South Dakota will be represented, and many business men are expected in addition. Delegations from all slope cities and also from the eastern and northern parts of the state are expected.

The conference will discuss methods of successfully irrigating land in western North Dakota, South Dakota and Montana; possibility of developing hydro-electric power on the Missouri river; securing action by the federal government to make investigation and surveys; methods of accomplishing results desired.

Among the speakers who will be present are E. C. Leedy, immigration agent of the Great Northern railroad, and F. Benz, immigration agent of the Northern Pacific railroad. Representative engineers of North Dakota, South Dakota and Montana and business men who have given much thought to the subject will speak.

The railroads have granted a fare and one-half rate for the round trip to Bismarck on the certificate plan, providing there is an attendance of 250 from the three states. Those interested in the Congress expect fully that many people to be present.

The convention will continue two days, June 7 and 8.

MANDAN BOY  
IS DROWNED

Unable to Swim, He Gets Beyond  
Depth

Frank Knoll, 14 years old, was drowned in the Heart river at Mandan yesterday afternoon at a point just west of the Fort Lincoln road to the bridge.

The boy could not swim, it is stated, but had gone with other boys to the swimming hole and paddled around in shallow water. He got beyond his depth in wading out. Two fishermen saw him struggling and ran to his aid, but were late. Neither could swim but both tore off clothes and plunged in the water. They were rescued.

The Knoll boy's body was recovered by diving. A pulmotor was used in vain effort to revive the boy.

The boy was the son of Mr. and Mrs. Mike Knoll, and second eldest of six sons and two daughters in the family. He received his diploma at the commencement exercises of St. Joseph's parochial school Sunday night. Funeral services were held at the St. Joseph's Catholic church.

ADVANCE GUARD  
FORCES LEAVE

The first contingent of the North Dakota National Guard forces going to camp at Devils Lake left today, when the quartermaster detachment, with Lieut. Noel Thorson in charge, left Bismarck. The detachment of 16 men left at 4 o'clock this morning. They are taking one automobile, four big army trucks and an ambulance. The camp is from June 10 to 24.

FINES ASSESSED  
BY MAGISTRATE

Several fines were assessed by Police Magistrate Cashman last night. Fred Morris and Moslyn Yokowchak were charged with reckless driving Sunday afternoon. Morris was fined \$15 and Yokowchak was committed to the county jail to await trial on a charge of having liquor in his possession. Arthur Johnson was assessed costs only on charges of speeding. Gust Costack and Lewis Silverman were fined \$10 and costs on charges of disorderly conduct.

## SHELL-SHOCKED SOLDIER IS

UNHURT BY JUMP OFF TRAIN  
Hettinger, N. D., June 6.—(By the A. P.)—A soldier who had been suffering from shell shock caused originally by shell shock when in the lines in France, jumped from the window of a train while it was bearing him at 50 miles an hour, towards Helena to a sanitarium. The train was stopped but the young man, unhurt, had disappeared. Local Legion members formed scouting parties and located him 24 hours later.

TEACHER, OUSTED,  
ENDS LIFE

MISS LONG

Miss Mary E. Long, who ended her life by taking poison because she was ousted, after serving 25 years as a teacher in the Elgin (Ill.) schools. As a result of the tragedy, a citizens' committee has demanded that the school board restore 14 other teachers, also dismissed, and that the superintendent of schools be discharged.

LOCAL ROTARY  
CLUB SENDING  
OUT RESOLUTION

Asks N. D. Rotary Clubs to Take  
Intelligent Interest in Im-  
pounding of Waters

Coincident with the meeting here June 7 and 8 of the North Dakota Irrigation Congress the Bismarck Rotary club is sending to all the Rotary clubs in the Missouri-Yellowstone watershed a resolution asking each club to take an intelligent interest in the question of impounding the waters of the upper streams for the use of agriculture. The resolution follows:

Whereas, Agriculture is the basic industry; and

Whereas, the most important agricultural area in America is the watershed of the Missouri-Mississippi River; and,

Whereas, the retention of the flood waters in the source streams of the Missouri and the Yellowstone for irrigation purposes is imperative to the maximum production of this vast agricultural area; and,

Whereas, the impounding of the flood waters of these source streams for irrigation and the development of hydro-electric power will materially reduce the flood watershed in the lower Mississippi River, if it will not entirely eliminate the future disastrous floods; and,

Whereas, disaster resulting from drouth in the watersheds of the source streams, and the disaster resulting from flood in the lower Mississippi may be both eliminated by proper reclamation; and,

Whereas, the Mississippi River Commission has no jurisdiction over source streams nor the drainage basins of these source streams;

Resolved, Be it Resolved, that all the states in the watershed of the Missouri-Yellowstone urge and demand that a comprehensive reclamation project be undertaken without delay, with a view to the irrigation of the source stream area, and the prevention of disastrous floods in the area of the lower Mississippi; and,

Resolved, that we urge and demand of the representatives in Congress of each tributary state that immediate steps be taken for the appointment of a Federal Commission who shall make a thorough and accurate survey of this entire project with a view to its adequate and permanent reclamation; and,

Resolved, that the Bismarck Rotary Club of Bismarck, North Dakota in its program of service urges upon every Rotary Club in the Missouri-Yellowstone watershed an intelligent study of, and persistent demand that the government, in the interest of agriculture, take definite steps to correct the menace existing in the Missouri-Yellowstone watershed from the source to the gulf of Mexico; and,

Resolved, that copies of this resolution be sent forthwith to the Rotary Clubs in the Missouri-Yellowstone watershed.

VOTING LIVELY  
IN ELECTION

Voting in the school board election today was lively. Two members of the board were to be selected from five candidates in the field, the polls being open from 9 a. m. to 4 p. m.

At a marriage ceremony in India the bride stands on a large plate filled with milk and rose colored sweetmeats.

New highways are being built between Peking and Tientsin, China, by 10,000 laborers fed out of the American famine relief fund.

The largest and most powerful searchlight in the world, having 1,200,000 candle power, has just been completed.

Mountain miners in the Andes do heavy labor in a rarified atmosphere that makes the slightest effort fatiguing to newcomers.

PREDICT PEACE  
WILL COME IN  
BUILDING WAR

Chicago Expects to See Situation in Strife-Torn Building Trades Settled

## MADER MAY QUIT JOB

Indicted President Said Willing  
To Quit and Unions to Accept Landis Award

Chicago, June 6.—Peace in Chicago's strife torn building trades situation was predicted today with reports that Fred Mader, indicted president of the building trades council, had agreed to resign and that all of the building trades unions would accept the Landis award.

MINERS HELD  
NOT LIABLE FOR  
MINE DAMAGES

Washington, June 6.—Striking coal miners won a victory when the supreme court held that the United Mine Workers need not pay damages amounting more than \$600,000 to the Arkansas coal mine owners as the result of strike riots in the Arkansas fields in 1914.

The court reversed the decision of the Arkansas courts, holding that the officers of the mine workers by inciting violence during the strike caused the destruction of property and thus were guilty of restraining interstate commerce in violation of no Sherman anti-trust law.

Several mines were burned during the riots which threw that section of the state into a veritable war zone.

400 DELEGATES  
HAVE GATHERING

Lutherans of Country Meeting  
in Fargo Today

Fargo, June 6.—Between 400 and 500 delegates from the United States and Canada had registered here at noon for the annual national convention of the Lutheran Free Church which ends next Sunday. Devotional services were conducted by Rev. J. Mortenson, Austin, Minn., and Rev. Urdaal, of Fargo. The afternoon was given over to the preliminary business of the convention.

"The Rich Husbandman" will be the topic of a sermon which Rev. D. Dahlgren, of Ellendale, Minnesota, will deliver tonight, using the Norwegian language. Governor R. A. Nestor is scheduled to address the convention on Friday.

24 MILLION  
ASKED BY N. D.

Total Amount of Applications  
To Finance Board

Fargo, June 6.—Applications for \$24,385,459.11 in loans to North Dakota banks have been approved by the War Finance corporation board at Minneapolis, according to the latest figures received by E. J. Weiser, of Fargo, North Dakota director of the corporation. Most of this sum has been approved at Washington and much of it has actually been paid into the state, Mr. Weiser reports.

Assistance to the country banks of the northwest from the agricultural loan agency of the corporation, which in turn is reflected to the farming industry, by reason of the ability of the country banks to carry over farmers' obligations, is reflected in an improvement in the financial condition in this territory, according to a statement which has been given out by M. O. Grangaard of Dazey, N. D., secretary of the agricultural agency, which has just been received from St. Paul. The applications approved in Minneapolis for the three northwestern states are as follows:

Total Over \$56,000,000.  
Minnesota, applications 633, loans approved, \$13,983,019.54; North Dakota applications, 1,114, loans approved, \$24,385,459.11; South Dakota applications 624, loans approved, \$18,183,633. Total, \$56,459,397.45.

EIGHTEEN ADMITTED  
TO CITIZENSHIP

Washburn, N. D., June 6.—(Thursday) at the court house, Judge Nussle heard forty some applicants who had filed their intention of obtaining citizenship papers. Of the number 18 were granted their papers and are now qualified citizens of the United States.

The names of the men who were admitted are: Gustave L. Brokofsky, Filip Szkoropat, John A. Bengston, Frederick Vokele, N'ck Sologuk, Nils A. Sater, Nick Makowski, Carl A. Mertins, Johan Iab, Andrew Dobrovolsky, Oliver Hattland, Mike Makowski, John Reiser, Phillip Neiffer, Theo. Neisser, Adam Schuh, Jonas Thompson and Alexander Kovalenko.

FOREST FIRES  
SWEEPING OVER  
VIRGIN TIMBER

Forces Fighting Fires Near Duluth Are Augmented by 500 Emergency Guards

## THE WEATHER FAVORABLE

Little Wind Makes it Possible  
For Fighters to Center Attack on Flames

Duluth, Minn., June 6.—Complete reports from district No. 19, the center of a forest and brush fire in north-eastern Minnesota at noon today indicated that the state forest forces augmented by 500 emergency guards were rapidly gaining control of the situation.

Weather conditions are favorable for the fighting today for the first time since the emergency arose. There is little wind and the fighters are centering their attacks on the very heart of the largest fires which have swept over large areas of virgin timber, cut-over timber and brush.

NOTED BEAUTY  
DIES OF INJURY

Lillian Russell, Noted Comic  
Opera Star, Succumbs

Pittsburgh, Pa., June 6.—(By the A. P.)—Lillian Russell (Mrs. Alexander P. Moore), bright star of American comic opera for three decades and internationally known as a beauty, who died at 2:20 o'clock this morning, had been ill for several weeks following a shipboard accident while returning from Europe.

Her death was unexpected as her physicians announced two days ago she had passed the crisis and would recover.

The accident which Dr. Shelducker, one of her physicians, said was the primary cause of her illness and death, occurred when she was violently thrown on the deck during a storm. The effects of the injury were not immediately serious.

PLAN PAGEANT  
AT DEDICATION

Joint Committee Enters Into  
Contract

The joint committee of Mandan and Bismarck citizens on presentation of a pageant at the time of the dedication of the new Missouri river vehicular bridge met yesterday afternoon with a representative of the Thurston organization of Minneapolis and decided to employ the organization to stage a pageant.

It is planned to have a two or three day pageant, it was said, one day for Mandan and one day for Bismarck, and perhaps a joint pageant. It is estimated that 1,000 people will be required to stage it.

The pageant will include scenes depicting early Indian history the early settlers, Indian wars, development of the Missouri river and will culminate with a feature of the World War in which American Legion men will be asked to participate.

The provisional date is July 15 depending upon the progress made with the bridge work.

The Bismarck pageant, it was said, would include a celebration of the 50th anniversary of the city's birth.

HAGGART GETS  
BRIDGE CONTRACT

The Haggart Construction company of Fargo, has been awarded a contract for paving the Missouri river bridge with bituminous pavement. Work will begin as soon as possible, and it probably will take about three weeks. Other bidders were James Kennedy and Warren Brothers. The price is \$2.74 per lineal foot. The paving contract was sublet by the Foundation company.

Bids for the construction of the road on the west side of the river will be received June 17.

WOMAN WHO KILLED "PERFECT LOVER"  
RECEIVES LETTERS OF CONGRATULATION

Kansas City, Mo., June 6.—Letters of sympathy and praise for her "courage and good marksmanship" were received late last night by Miss Peggy Marie Deal as she lay on a hospital bed fighting a battle for life against a wound sustained when she attempted to take her own life Sunday after she had shot and killed Frank Warren Anderson, department store welfare director.

"Our sympathy is yours," read one of the letters. "The world needs more girls who have the

SNOW REPORTED IN EDMONTON AND  
SHOWERS MAY BREAK LOCAL HEAT WAVE

Its snowing in Edmonton, Canada, according to reports received by the U. S. Weather Bureau here today.

There were showers in Montana last night and cool weather over the northern part of that state and in Canada. The coolness was about to descend upon North Dakota, it was indicated by the trend in the weather. The hot spell was due to take leave

with showers appearing likely. Showers were reported at Dunn Center and Dickinson yesterday and some travelers reported heavy showers with strong winds.

The hot weather has been a tremendous stimulus to corn, and unless the heat wave continues the crops are likely to be greatly benefitted, it is said. No suffering of crops for lack of moisture is yet reported.

40 DIE WHEN  
BUILDING FALLS

Limberg, Poland, June 6 (By the A. P.)—More than 40 persons were buried in the debris and many were killed today when two ancient three-story buildings collapsed. The buildings are believed to have been shaken down by vibrations caused from passing motor trucks.

PRESENT BONUS  
BILL THURSDAY

To Be Placed on Calendar For  
Early Call

Washington, June 6.—Formal presentation to the soldiers bonus bill to the senate on Thursday is the present plan of Senator McCumber of the senate finance committee. The bill will be accompanied by the usual printed report and in addition Senator McCumber expects to address the senate briefly on the subject.

The measure will be sent to the senate calendar to remain until an agreement is had to call it up. There appears to be little pressure for early consideration of the bill and some Republican leaders believe it will not be taken up until the tariff measure is out of the way. The tariff bill will have to be side-tracked this month for several important appropriation bills and conference reports and there is strong opposition on the majority to postponing action on the tariff bill.

TO HOLD RATE  
MEETING HERE

Organization to Launch Fight  
For State-Wide Revision

Fargo, June 6.—Meetings will be held at Fargo, Grand Forks, Minot and Bismarck to arouse interest in North Dakota's fight for equalized freight rates, it was announced today. These will be a part of the campaign planned by a committee chosen at a recent state-wide rate meeting here to carry on the work. Walter Reed, of America, has been chosen chairman and W. C. MacFadden, secretary of the state bankers' association, secretary-treasurer.

The committee will open an office in Fargo.

SHRINERS TAKE  
FARGO'S STREETS

Fargo, June 6.—Shriners of the Hadi temple, Evansville, Ind., today took possession of Fargo and made a carnival and music in its streets. They are en route to the national Shrine convention to be held soon in San Francisco.

The Evansville Shriners tonight will be entertained for half an hour by the Mandan Shrine club, in Mandan.

CHILD WEAKENED  
BY SNEEZING

Monroe, Wis., June 6.—Sneezing almost incessantly since last Tuesday Marie Clossner, 13 is in a weakened condition which has not been relieved by physicians who are puzzled by the child's case. The child sneezes both day and night almost without interruption.

## RAISING SHEEP

Ft. Yates, N. D., June 6.—Ed Hodgkinson, an old-time farmer and rancher living north of Thunderhawk, who was here during court week, states that he has gone into the sheep business. Several other Sioux county farmers have found that the raising of sheep is more profitable and better adapted to this country than grain farming. Mr. Hodgkinson states that he expects to spend the coming fall and winter in California.

POLICEMAN HAS  
MANY KINDS OF  
DUTIES IN CITY

Report of Chief for Year Shows  
145 Arrests Involving In-  
toxication Charges

## PETITION ON ROAD

City Asked to Take Action to  
Prevent Federal Aid Pro-  
ject Going Through

The job of policeman in Bismarck may bring with it most any kind of task, it is shown in the annual report of Chief of Police Martinson, for the period from June 1, 1921 to June 1, 1922, submitted to the city commission last night. This report shows that a total of 801 calls were answered during the year, the total number of arrests was 325, of which 307 were men and but 21 were women; 13 dogs were killed, one cat was slain, lodging was given to 236 persons, 123 quarantine tags were posted, two sanitation notices given, one safe was found open and seven windows were found unfastened.

There were three deaths by accident in the city during the year, the report shows. Recently an order was issued that all accidents, whether serious or not, must be reported to the police. But 24 accidents are listed for the year. There were 20 bicycles recovered, 161 lights repaired by officers, 53 lost children restored to parents, 61 finger-print and photograph records made, two suicides, and 21 delinquent children were sent to juvenile court.

The report lists value of stolen property recovered during the year at \$5,125.00. A total of 145 arrests for drunkenness, or drunkenness and disorderly conduct and violations of the

BROOKHART IS  
IOWA LEADER

Expected to Win G. O. P. Senatorial  
Nomination

Des Moines, Ia., June 6 (By the A. P.)—Smith W. Brookhart, of Washington, Ia., continued to maintain a percentage of more than the necessary 35 of the total vote cast for United States Senatorial candidates in the Republican primary yesterday when 1,042 precincts of the state had been reported today. The vote stood: Brookhart, 61,312; Pickett, 28,994; Thorne, Francis, Sweet and Stanley, follow in order.

## Weather Report

For twenty-four hours ending at noon.

Temperature at 7 a. m.	65
Temperature at noon	75
Highest yesterday	76
Lowest yesterday	59
Lowest last night	58
Precipitation	0
Highest wind velocity	13

For Bismarck and vicinity: Unsettled weather tonight and Wednesday, probably showers; cooler.

For North Dakota: Unsettled weather tonight and Wednesday, probably showers; cooler tonight and east and south portions Wednesday.

## General Weather Conditions.

Low pressure central over North Dakota this morning has been accompanied by light showers and thunderstorms in North Dakota, Montana, Idaho and Western Canada, with snow at Edmonton. Elsewhere the weather is generally fair. Temperatures are still somewhat above normal in the northern Plain States, but cooler weather is advancing from the Northwest.

U.S. LABOR BOARD  
ANNOUNCES CUTS  
FOR SHOPCRAFTS

Millions in Pay Slashes Are Effective July 1 Under Majority's Order

## LABOR MEN DISSENT

Their Representatives on Board  
Hold That Cut in Pay Is  
Not Justified

Cincinnati, Ohio, June 6.—(By the A. P.)—A strike vote of approximately 1,200,000 railway workers of the United States will be taken by the individual unions affected by the railroad labor board's wage reduction recently ordered and pending, it was decided at a conference of union leaders today. The vote in each organization will be returnable in 30 days after the railroad labor board announces a wage cut for that class of employees, the vote of the shopcrafts, whose reduction was ordered today, being returnable June 30.

The new wage reduction brought an estimated added saving of \$59,659,000 annually to the railroads following on the heels of a \$50,000,000 cut in the wages of maintenance of way laborers last week.

The shopcraft decision becomes effective July 1.

The minority report of the labor members pointedly stated that the majority decision was made "with no consideration of human needs" and charges that it fails to carry out the function of the board to "set a just and reasonable wage."

Supervisory forces of the railway shops were not decreased.

The reduction for the mechanics averaged a little more than 8 per cent. All machinists, boiler-makers, blacksmiths, sheet metal workers, electrical workers, car men (except freight car men) molders, cupola tenders and core makers and the regular and helper apprentices receiving a cut of 7 cents an hour. Freight car men, commonly known as "car knockers," and the object of some of the heaviest assaults by the roads in their battle for lower wages, were cut 9 cents.

Car cleaners, who now receive an average of \$3.18 a day were cut 5 cents an hour.

What Cut Means.  
The mechanics whose daily rate now averages from \$6.11 for electrical workers to \$6.28 for blacksmiths will lose 50 cents a day under the new decision, bringing their daily wage to approximately \$5.70. The board's latest decision which is to be followed shortly by reduction for railway clerks, telegraphers and all other classes of railway employees except the train service men, was brief and offered no explanation of how the new rates were arrived at.

Say Purchasing Power More.  
The dissenters declared the majority condition ignored pleas of the employees for a living wage and "made no attempt to show that mechanics are not entitled to such a standard." The omission of any comment or reasons for the specific cut was thus brought under fire.

The decision, however, contained numerous tables prepared by the board's statistical department designed to show that although the wages had been reduced they had not been reduced more than the reduction in the cost of living and that the purchasing power of the present pay was higher than the purchasing power of the higher wage paid during the years since 1917.

## TO HAVE STRIKE VOTE.

Cincinnati, Ohio, June 6.—New wage reductions for shopmen ordered by the railroad men can but intensify the present feeling of dissatisfaction with railway labor conditions and will at least result in an immediate strike vote returnable June 30, according to B. M. Jewell, head of the shopcraft unions here today for a railroad strike conference.

Mr. Jewell declared any reduction was unjustifiable and unreasonable. Evidence presented at hearings before the board, he said, showed shopmen were receiving a minimum wage necessary to the proper support of their families.

## WILL TAKE STRIKE VOTE.

Washington, June 6.—(By the A. P.)—H. L. Brumson, special representative in Washington of the International Association of Machinists, declared today that a strike vote would be taken immediately among the 400,000 machinists affected by the railroad labor board, reducing wages.

Court Meets June 13  
Today was the day for convening of the June term of district court. The court will not convene until June 13, because Judge Nussle is holding court at Steele.

# CAPT. BARR, WHO LIVED HERE, IS GIVEN HONORS

## Elected Head of Lloyd Legion of The State of Washington in Annual Session

### TELLS STORY OF GRANT

Capt. John Christie Barr, who was well known during the pioneer days in Bismarck and the entire Northwest and who now is a resident of Tacoma, Washington, has been elected commander of the Military Order of the Loyal Legion of Washington, which is composed of the officers who served in the Civil War and their sons and heirs.

Capt. Barr, at the annual reunion of the order, told an interesting story of an experience with Ulysses S. Grant during the Civil War. Capt. Barr served in the Union navy during that conflict.

"The first time I recall seeing and hearing Gen. Grant," said apt. Barr, "was two days after the battle of Shiloh, when Grant was rather superceded by Gen. Hallock. The next time was when I tried to make him get out of bed.

"This was during the siege of Vicksburg. I was on the Flagship Black Hawk, of the Mississippi squadron, under command of Admiral Porter. We were anchored at the mouth of the Yazoo river, but moved up Deer creek until we were caught between the confederate gunboats. General Grant was with us at the time and he and Admiral Porter decided that we had better get out of there. We were ordered to take the general out on the dispatch boat on our way we became lost in the dark. None of us had any sleep for two days and nights and soon Grant went below for a nap. A little later I started to turn in and found my berth occupied by one whom I took to be Gunner Eugene Mack.

**Tried to Rouse Him**

"I tried to rouse him and insisted on his getting out of my bed. He mumbled a bit, then asked me if I wanted to go to sleep. Then it was that he offered me half of my own bed. I turned in with him. When, at 4 a. m. we were again called on duty I found this man already up and inquiring in a drowsy way. Upon asking him where he had secured his liquor he said it was some that he had with him and invited me to partake with him. It was only when I lifted my glass to his in a toast that I at last recognized General Grant himself. I was, of course, worried about the occurrence, but the general never said a word.

"When we got to the deck that morning it was to discover that the pilot, supposedly guiding us to safety, had somehow steered us into a branch river and we were inside the Confederate lines! I then took the wheel and we got back out all right. It was then the pilot's turn to be worried, for such an offense as his might warrant courtmartial with a sentence of hanging. Grant, however, dismissed the matter by saying that no harm had been done."

**Enlisted When 18**

Capt. Barr enlisted in the navy when he was 18. Following the burning of the Black Hawk at Mound City, Ill., he was promoted to the rank of ensign and became executive officer of the Tempest. In rescuing two sentries from the burning Black Hawk, the young man had distinguished himself with honors.

The Loyal Legion meeting, coming close to Grant's birthday, became a session for reminiscences of the great leader.

Capt. Barr was unanimously elected to the post of commander of the Loyal Legion. Among the guests were all officers from Camp Lewis and General McAlexander, "The Rock of the Marne," and Gen. Duncan, who commanded the first American division to fight overseas during the World War.

# BOUND OVER ON ARSON CHARGE

Shields, N. D., June 6.—John Hauff of New Leipzig, who is being held on a charge of larceny, was bound over to the next hearing of the district court June 13, after the preliminary hearing in justice court Monday at New Leipzig. Hauff was arrested about three weeks ago by Fire Marshal R. A. Maddaugh who charged

## CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes and the calluses, without soreness or irritation.

# \$65,000 FRAUD TO BE CHARGED

Fargo, June 6.—H. D. Mitchell, a resident of Oklahoma charged by the United States government with using the mails to defraud, will be tried at the term of United States district court to be held at Devils Lake July 5, according to an announcement made today by M. A. Hildreth, district attorney. Mr. Mitchell, it is alleged, about one year ago obtained more than \$65,000 from residents of the Devils Lake district by fraudulent methods. He is charged with selling worthless oil stocks. The defendant is now somewhere in Oklahoma under bonds, awaiting trial.

In all, 56 criminal cases will be disposed of at the July term, most of which have to do with violations of the national prohibition laws. So far as is now known no civil actions will be tried, Mr. Hildreth said.

## CITY NEWS

**Mrs. Skala Dies**

Mrs. Emma Skala, wife of Frank B. Skala, of Regan, passed away at a local hospital yesterday as a result of ptomaine poisoning. Mrs. Skala and her 13-year old daughter were both poisoned by some food they ate. Miss Skala recovered but it was impossible to save Mrs. Skala. The body was shipped to Regan this morning and will be sent back to Austin, Minn., where burial will take place. Mrs. Skala, who was raised in Austin, was widely known in Regan and vicinity.

**Bismarck Hospital**

Joe Falstad of Golden Valley, Miss Viola Hunt of Medina, Henry Trauel of Krem, Mrs. M. D. Jeffers of Wabau, Mont., Rev. J. Graeven of Bal four, Jacob Klein of Wishek, Mrs. Adolph Lutz of Hebron, M. G. Rollefson of Herried, S. D., have entered the Bismarck hospital for treatment.

Mrs. George Hanson of Bradock, Baby Sponsel of Mandan, Peter Berge son of Makoti, Anna Gregory of Wil ton, and Mrs. H. H. Snyder and daughter have returned to their homes.

**St. Alexius Hospital.**

Albert Kyler of the city, Mrs. F. C. Wessner, 1014 Fourth St., Art Gilchrist of Sterling, and Mrs. M. J. Wilson, of the city, and Joe Skuglund of Baldwin, have entered the St. Alexius hospital for treatment. Miss Helen Schulz of Washburn, returned to her home today after being under treat ment at the hospital for a short time.

**Town Criers Meet.**

The Town Criers club will meet to night in the offices of the Provident Life Insurance company, continuing the practice of holding meetings at the various industrial establishments and businesses of the city for the purpose of getting acquainted with them.

**Shriners' Special**

A special train containing Shriners from Evansville, Indiana, will pass through Bismarck about 7 o'clock this evening. The train is en route to the convention at San Francisco.

**To Give Address.**

Lewis F. Crawford, secretary of the Industrial Commission, will deliver a commencement address at Linton Friday night.

**Baby Girl.**

Mr. and Mrs. Theodore Gretzen of Haymarsh, announce the birth of a baby girl at the St. Alexius hospital.

## Goes to China

Jean Kennedy, Mount Holyoke College Junior, will be delegate from 21 American women's colleges to the World's Christian Student Conference at Peking, China.

## PERMANENT WAVE.

There is a new system of permanent waving just introduced, which is said to have no injurious effects on the hair. Oil is added during the process, so the result is silken, fluffy hair, instead of dry and sometimes frizzly locks.

## ROW OF ROSES.

A summer cape of black crepe does not miss a fur collar, for as a substitute it has a row of roses, developed in taffeta. This makes a soft, ornament at finish for a garment that will stand much hard wear.

## FOR SPORTS.

Silk broadcloth is considered highly desirable for tailored blouses and skirts for sports wear. It comes in plain or figured patterns.

# SAYS POLITICS IS INTRODUCED IN STATE BANK

**Reichert Asserts Equity Refused Loan Because of Political Situation**

Fargo, N. D., June 6.—Charges that The Equity Cooperative Packing plant was refused a loan by the Bank of North Dakota because Theodore Nelson's political demands were not met was made by C. W. Reichert, president of the company.

Mr. Reichert asserted that a loan of \$140,000 had been promised by Governor Nestos personally, by the Industrial Commission and Manager Greene of the Bank of North Dakota. He asserts Theodore Nelson, I. V. A. manager, then approached him and demanded that Senator John Mikkethun withdraw from the primary race, Mikkethun being a member of the Nonpartisan league and a member of the Equity board. Reichert asserts he said Mikkethun would resign from the Equity board of directors if necessary but that he was sure Mikkethun wouldn't bargain his right to run for office. He asserts Nelson told him he was handling the "political end of the loan."

Following this, he says, he was informed by Manager Greene of the bank that the finance committee had decided to make no new loans.

## HIS FRIEND RECOMMENDED THEM

"Six years ago," writes W. H. Shadwell, Stanley, Va., "I had kidney troubles."

"Greasy dandruff piles like snow  
Where my hair once used to grow."

## Youth Craft

How about your collar? Is it covered with the greasy scales of dandruff? Do you want to clean it off permanently?

Of course you do! Use Youth Craft and get dandruff out of your head—stop your scalp from itching.

Youth Craft is positively guaranteed to remove dandruff and relieve itching scalp or your money back. And it will stop the scourge of dandruff without burning your scalp with alcohol or gumming up your hair with oils and grease or scents.

Dandruff disappears with the first treatment—after the first week use Youth Craft twice a week and your troubles are over.

Ask for It—Insist On

Positively removes Dandruff. Relieves Itching Scalp or Your Money Back.

ble, and at times was unable to raise myself in bed. Foley Kidney Pills were recommended to me by the Chief of the Fire Department. After using 8 bottles I was completely relieved and have never had a return of the symptoms. Why suffer when you can get relief from rheumatic pains, backache, swollen, sore and stiff joints, sleep disturbing bladder weakness and other symptoms of disordered kidneys?

# WOOL GROWERS ARE PROTECTED

**Senator McCumber's Committee Makes Promise, Says Speaker**

Fargo, June 6.—The senate finance committee has promised a rate of 33 cents per pound on scoured wool in the permanent schedule, C. J. Fawcett, director of wool marketing of the American Farm Bureau Federation, told wool growers in annual convention here today. The supply of wool accumulated during the war is gone, he said, and there is a world shortage now. Wool production is the one bright spot in agriculture, he said. Commission houses are making effort to buy wool directly from the farmer in competition with wool pools, this tendency being attributed to strength in the world market.

Managers of the North Dakota wool

## McNIDER TO SPEAK FROM ELKS BALCONY

Devils Lake, N. D., June 6.—National Commander Hanford MacNider will address the American Legion convention here on the opening date of the ex-soldiers gathering, June 20th at 11 A. M.

Due to an engagement in New York, necessitating the early departure of the Legionnaires leader, the arrangements committee decided that Mr. MacNider's address would have to come during the opening session, which convenes at 10 A. M.

While the convention is in session during the afternoon, Mr. MacNider will address the general public and members of the national guard, which will be in session here at that time. He will speak from the balcony of the Elks Club at 1:30 P. M.

## Fashions That Keep Pace With the Vacation Clock

A HOLIDAY is just one continuous round of good times from morning 'til night, and of course every pastime has its own particular costume—they are all very good looking too. It is something different almost every hour and this is true no matter where you vacation. That is why we have arranged this unique display that goes 'round the clock with your vacation costumes, presenting what is most correct and attractive for every vacation occasion.

**7 O'Clock**

IT'S just great to take a hike cross country before breakfast. You come in hungry as a bear and feeling fit for anything. To really cover the ground there's nothing like knickers and of course these Hiking Suits have skirts so they are fine for travelling too. Khaki Hiking Suits, \$10.50 and up.

**1 O'Clock**

AFTER luncheon you will be ready for something new, golf no doubt. It's as important to "follow through" with your costume as it is with your swing if you want to look really swaggar on the links. A sports Skirt and jaunty Sweater turn the trick in par. Wool Sport Skirts, \$4.95. Sweaters, \$2.95.

**10 O'Clock**

WITH breakfast over you'll frequently find that tennis is next in order. You'll like a Middy Suit to play in or maybe a Tub Skirt and a separate middy blouse. They rule favorites with the athletic girl because they give plenty of freedom. Gabardine Skirts \$2.50.

**4 O'Clock**

A GAME of bridge, a good book, or a cup of tea finds you on the hotel veranda looking altogether charming in a sheer Tub Frock. Of these several are needed. Organdie Frocks, \$16.50 up. Dotted Swisses, \$19.50.

**11 O'Clock**

HOT and rather fagged after three fast sets you slip into your bathing suit and dive in. My but the water feels fine, and for an hour or so you swim around and then sun on the sand wearing if you're wise clever Beach Togs from these displays. Bathing Suits, \$3.75 up.

**7:30 O'Clock**

ONE good way to spend the evening is motoring. You may head for no place in particular or go around the lake to a dance, perhaps. It's breezy at night and you'll enjoy a Polo Coat. Polo Coats, \$15.00 up.

## Other Things of Holiday Importance

NATURALLY such complete vacation displays as have been arranged here, include many items that have not been mentioned. In fact no matter what it is you want; luggage, things for the Summer cottage, a riding habit, lingerie, toilet requisites, you will find it here—and will recognize that values in every case are quite special.

# Webb Brothers

# "COW BILL" TO BE TRIED OUT IN WILLIAMS CO.

## Farmers Are Intent Upon Making Use of Its Provisions in Near Future

### TO SECURE DAIRY CATTLE

Farmers of Williams County, near Williston are determined to see if the "Cow Bill," as Senate Bill, No. 30 of the Special Session of 1919 can be used for the purchase of cattle, according to Franklin Page, Assistant Dairy Commissioner. Mr. Page has recently been in the northern and western part of the state in the interests of the dairy work of the summer.

The bill, in a number of its particulars is similar to the feed and seed loan laws now in force and was intended to expedite the securing of dairy cattle for the farmers of the state. It has never been brought into use, but the Williams County farmers are intent upon making use of the provisions of the bill to secure dairy cattle. The men in the movement are the John Bruggiere, a farmer living just outside of Williston, Frank Hoare, county auditor and Earl Swinley, county treasurer while some of the bankers are also showing an interest in the operation of the bill.

The bill, which was introduced into the Senate by A. A. Liederbach authorizes the issue of bonds to raise money if fifty farmers petition for the same and the board approves, following which the Commissioner of Agriculture and Labor is named as the agent of the county in selling the bonds. The money raised shall be used in the purchase of dairy cattle, not more than one thousand dollars worth going into any one man.

# NO DIVORCE FOR HOME ECONOMICS A. C. STUDENTS

This Statement Is Made In Article to Appear in the "College and State"

### A. C. ALUMNI BULLETIN

Fargo, June 6.—At least three-fifths of the girls who have taken home economics at the State Agricultural college have since married; and of these weddings not a divorce is on record.

Katherine Jensen, '04, now head of the home economics department of the University of Idaho makes this statement in an article which will appear in the next issue of "College and State," the A. C. alumni bulletin.

The fact that these women are graduates of the home economics department may have something to do with the lack of divorces, she adds in arguing that this line of work in a college is worth while.

"Surely if a girl is going to marry soon after her college course no better training could be given her says Miss Alba Sales, head of the school of economics at the college in an article on the same subject in the same publication.

This does not mean, however, that a girl having taken economics work can only get married.

Here are some of the remunerative activities she can enter, as listed by Miss Sales:

"Textiles and clothing, interior decoration or nutrition health work in the many state institutions, hospitals, or war department institutions.

"Advertising bureaus are employing food specialists to handle their advertising of food products. Also magazines and newspapers are clamoring to find food, clothing and house management specialists who have had some training in journalism to handle the technique in news and feature stories along these lines.

"Tea room and cafeteria managers, experts in the various departments of the hotels, managers of special shops, children's wear shops, home-made jellies and marmalade shops and numerous other types are nearly always managed by girls educated in home economic schools or departments.

# SON OF MARQUIS DE MORES TO WED MOVIE ACTRESS

Back in the 80's when the west was new and the Marquis de Mores had visions of building a great packing city at Medora, old residents who still make the Slope their home, will remember that in the marquis' family was a little lad named Paul, who was destined to become the Duke of Valambrosa, says the Dickinson Press.

After the project failed the Marquis and his family returned to France. Later Paul returned to America to complete his education at Harvard and upon his graduation, in company with his mother, made a last trip to the old chateau at Medora. During this visit he met many of the old timers, some of whom are now residents of Dickinson. He then returned to France.

Years have passed and little was heard of Paul, now the Duke of Valambrosa, until last week when daily papers announced his engagement to Pearl White, the noted motion picture actress. Paul has had one previous fling at matrimony and Pearl two. Now both declare that they have met their soulmate.

Paul still owns the chateau and some 8,000 acres of land near Medora and perhaps he will bring his noted bride to the Slope on the honeymoon. Who knows?

# FIVE TONS OF EVIDENCE IN SMALL TRIAL

GOVERNOR LEN SMALL (CENTER) IN COURT. LEFT, C. R. MILLER, PUBLIC WORKS AND BUILDINGS DIRECTOR, RIGHT, A. C. BOLLINGER, FINANCE DIRECTOR.

BY ROY GIBBONS.

Waukegon, Ill., June 6.—Though five tons of documentary evidence must be considered by jurors in the trial here of Len Small, Illinois governor, both prosecution and defense now are hopeful of bringing the spectacular court fight to a close early in June.

Small is charged with conspiracy to withhold and divert to his own use \$2,000,000 in interest on public funds. The alleged conspiracy was operated, says the prosecution, while Small was Illinois state treasurer.

Technical points surrounding the disposition of more than \$29,000,000 in state funds are involved in the case. The enormous mass of evidence consists largely of state documents and bank records. It is calculated to prove or to disprove.

THAT Small, together with Fred E. Sterling (now lieutenant governor, indicted with Small), and Vernon Curtis, operated the Grant Park bank solely to receive deposits of public money.

THAT the alleged conspirators reloaned these state deposits to Chicago packers and others at high rates of interest and, after paying two percent to the state, pocketed the remainder.

THAT the Grant Park bank was not a legitimate banking institution but a blind to cover the alleged operations of Small and those accused with him. But the defense relies on the five tons of evidence to establish.

THAT Small is innocent of manipulating state funds for his private benefit.

THAT the Grant Park bank was a legitimate institution organized under a now defunct law.

THAT Small is the victim of an old system, growing from an unconstitutional law, requiring state officials to place public funds in private institutions where they can secure a maximum interest rate.

Lieut. Gov. Fred E. Sterling, indicted with Governor Small, is not concerned in the trial here. He will be tried in Sangamon county, where the indictments were returned. Small sought and secured a change of venue from Sangamon county.

Sterling was state treasurer in 1919-20. He succeeded Small who held the office in 1917-18.

As the case nears its end, both prosecution and defense say they're hopeful of victory.

"I am innocent. The jury will acquit me. I am not worrying," Small declares.

"We shall prove the indictments. Len Small is guilty," says Fred Mortimer, attorney for the state.

# COMMENCEMENT WEEK PROGRAM AT ELLENDALE

President John Lee Coulter Will Address Graduates on June 15th

Elleendale, N. D., June 6.—President John Lee Coulter of the North Dakota Agricultural College, will deliver the commencement address to the graduates of the State Normal and Industrial school here, Thursday, June 15th and the Rev. Ward F. Boyd of the Jamestown Presbyterian church will deliver the baccalaureate address on the Sunday preceding, June 11th, between these two events, the days have been filled with different events connected with commencement.

The program for commencement week is:

Sunday, June 11, 10:30 A. M.—Baccalaureate address. Rev. Ward F. Boyd.

Monday, June 12, 8:15 A. M.—Annual declamatory contest.

Tuesday, June 13, 5:30 P. M.—Annual reunion and banquet, Delta Epsilon Phi.

Tuesday, June 13, 8:15 P. M.—Annual school concert.

Wednesday, June 14, 10:30 A. M.—Secondary completion exercises.

Wednesday, June 14, 5:30 P. M.—Annual reunion and banquet of the Adelpheans.

Thursday, June 15, 10:30 A. M.—Commencement address, Dr. John Lee Coulter.

Thursday, June 15, 8:15 P. M.—President's reception.

Friday, June 16, Alumni reunion.

The year's graduating class is headed by Emanuel Schmieder as president and Miss Lulu Loess as secretary and treasurer. Miss Ethel Clark of Bradenton is valedictorian and Miss Hazel Meachen of Elleendale is salutatorian.

The young people to receive diplomas are: Minnie L. Bull, Lignite; Emily J. Callan, Elleendale; Ethel May Clarke, Bradenton; Grace I. Crabtree, Elleendale; Lucy M. Kartes, Valley City; Genevieve M. Ladd, Fobes; Lulu M. Noess, Elleendale; Eunice H. Olson, Napoleon; Eleanor M. Mairre-jean, Dickey; Freda M. Thompson, Elleendale; Sarah A. Townsend, Elleendale; Marion Grace Van Meter, Fargo; Helen H. Meachen, Elleendale; Helen E. Noess, Elleendale; Ester Noess, Elleendale; Henry N. Rehberg, Elleendale; Emmanuel E. Schmierer, Elleendale; Henry N. Tellberg, Kulm; Burdette McKinney, McHenry; Clara J. Landmark, Forbes; Esther M. Benz, Moffit; Otto Reinhold Bauer, Zealand; Josie Bristol, Forbes; Edwin C. # U. S. MUST GIVE ATTENTION TO GREAT MARKETS

America Will Eventually Resume Closer Supervision, Says Victor Murdock

### NO GOVT. PRICE FIXING

Emporia, Kan., June 6.—America must give its attention to certain great dominant markets and the women of America may signalize the suffrage which they have won by a single act—by leading in the restoration of the principle of public interest over those dominant markets, Victor Murdock, member of the Federal Trade Commission today told the Women's City Club of Emporia, Kansas.

"The tendency of many of our great markets is to concentration and the creation of points where 'the market is made' for the whole nation," he said. "Some of these dominant markets, as in the case of the larger terminal markets for country produce, are wastefully inadequate in area and facilities. Again certain markets for other types of commodities seek to avoid any public supervision—as the grain markets. The New York Exchange, a national, in fact a world market for securities, is not even incorporated.

"It is obvious that more and more the women of America are becoming the agents of the consuming public. They form the greatest buying legion in the world. Their task is to throw over the dominant market places of this country a greater measure of public supervision, to restore to the machinery of those markets the essential element of public interest which in English-speaking countries has been more or less neglected and defeated for centuries.

"I believe that America will eventually resume closer supervision of dominant markets. This does not mean, of course, government price fixing, or government buying and selling, or wares or government acquisition of all markets. It does mean that the market shall be free and conducted in recognition of the fact that a dominant market is affected by a fundamental public use and its sole control should not be left in the hands of any individual or set of individuals incorporated or unincorporated.

"To extend the public interest further over the dominant national markets to the end that they shall function equitably for producer, converter, distributor and consumer is a task for all of us.

"I feel the public-spirited women of America may well lead the way. Involved in the problem are fair prices and stabilization of commerce. We are given to looking upon price as the product, in theory at least, of supply and demand. But supply and demand do not produce a fair price unless they are permitted to have a contact. It is the public's affair and the women of America, daily more skilled by person at contact, as buyers, with economic problems, have the opportunity to see to it that the public shall have part in the machinery of the market."

# VETERANS ARE NOW FARMING

McGrath, Minn., June 6.—Every major engagement of the American Expeditionary Forces in the world war is represented by 46 former fighters, who, disabled and receiving government training, are engaged in reclaiming a tract of 3,500 acres of land near here, title to which has been placed in the veterans' names. It is the

# "WHAT SCHOOL?" ASK SCHUMACHER

Ask A. P. Schumacher, newly elected cashier of the Grenora State Bank, what commercial school he attended. He'll say, "Dakota Business College, Fargo, N. D." He is one of 230 "Dakotans" who became bank officers. Ask C. E. Lilledahl, recently made branch manager of the Western Oil Co., Scooby, Mont. He'll say, "Dakota" too. Hundreds of successful business and professional men and women were trained at this famous college.

School year begins in June. "Follow the Successful." Write F. L. Watkins, Pres., 806 Front St., Fargo, N. D.

# NO PROHIBITION FOR ENGLAND

London, June 6.—The brewing of beer is one of the chief buttresses in Britain's financial solvency, according to H. E. Field, President of the Institute of Brewing. Prohibition, he added, in the course of a recent address on this subject, would undoubtedly spell the financial and economic ruin of the country.

# SETS OUT CABBAGE

Beach, N. D., June 6.—A. E. Kasten believes this is going to be a banner year for cabbages so has set out 5,000 plants. He also has in five acres of potatoes, 25 acres of corn, 30 acres of millet and three acres of a kitchen garden, besides the usual quota of grain crops. He says that last year the 30 acres of millet he had in, when fed to cattle, paid all his household expenses for the winter, and the three acres of potatoes netted him more than the 70 acres of wheat he had in.

first project of its kind in the states. The tract has been platted into forty and eighty acre farms. It has been suggested that the sites be named after some of the important battle scenes of the war, such as Chateau Thierry, Belleau Woods, St. Mihiel, The Argonne and others. However, some fighters object that their various wounds and ailments are sufficient reminders of their experiences.

Life on the tract is similar to army life. There are bunk and chow halls and the squad arrangement for work. The men settled here late in April, coming from the University of Minnesota agricultural school where they were studying under government supervision. In fact they still are being paid for vocational training as their courses stipulate that a certain period be devoted to practical application of their schooling.

They are paying for the land in installments from the salary of \$100 a month which each receives.

The men, some of whom have families, are being housed in large community buildings until separate houses can be built. It is planned to build a school, store and church on the property when the farmers become settled.

# SWIMMING WILL WORK BOTH WAYS

Omaha, Neb., June 6.—Swimming as a means for reducing those who are too heavy and for increasing the weight of those who are too light, is advocated by Pete Wendell, director of swimming at the Omaha Athletic Club.

Coach Wendell, who is a member of both the championship and rules committees of the Western Amateur Athletic Union, and also of the National Swimming Instructors' association of Pittsburgh, Pa., is conducting a campaign to encourage greater interest in swimming.

For women he is advocating the water sport not only as a means of reducing but as a means of obtaining better form. Diving he describes as "that delightful descent of aquatic sports," in urging it as a method for developing muscular control.

# BUYING OLD NEWSPAPERS BROUGHT RICHES

Berlin, June 6.—It was observed recently in a small station on the German-Polish border that the people were buying large quantities of German newspapers. This was attributed at first to a desire to absorb the German point of view on the part of the Poles, but some skeptics insisted upon an investigation.

The fact was brought to light that a group of ingenious Poles was purchasing German newspapers at current prices and reselling them as waste paper with nearly 100 per cent profit.

This is a new invention in hair pins, constructed in such manner that they do not easily fall out like ordinary hair pins. They come in two different size cabinets.

**5c and 10c**

**A.W. LUCAS COMPANY**  
—BISMARCK—

**Social and Personal**

**Many Friends Attend Reception For Hoffmans**

About 150 people attended the reception given in honor of A. S. Hoffman and family at the McCabe Methodist church yesterday evening.

The many friends of the Hoffmans had a chance to visit with them and celebrate their many years of acquaintance and good fellowship during the evening.

A musical program and several short addresses were given by members of the church.

Miss Mabel Nathan played Grieg's "To Spring" on the piano.

Miss Marian Ackerman read "Little Knight Errant" which so delighted her hearers that she was called upon to give an encore. Mrs. Wilbur Targart sang two vocal solos in her usual pleasing manner.

Miss Gertrude Hoffman who has been pianist at the church for a number of years was presented with an elegant black traveling bag as a parting gift from her friends. Rev. S. F. Halfyard gave an expression of his appreciation of the services and devotion of the Hoffmans to the church. Rev. H. Styles Harris, district superintendent, spoke of the regret with which the whole church would see Mr. Hoffman and his family leave Bismarck. Mrs. George E. Wallace, acting as spokesman for the women of the congregation, wished the departing ones success and happiness in their future home at Osceola, Iowa.

At the close of the evening ice cream and cake and coffee were served.

**Enjoy Joint Picnic At Nearby Schools**

Th. Moffit, Logan and Benz schools held a joint picnic in Benz grave, about 10 miles from Moffit, last week when the closing day exercises were held.

The students finishing the eighth grade included Misses Arlene Asseltine, Dorothy Smith, and Carol Smith. H. Asseltine acted as master of ceremonies. The class motto was "Work and Win," the class colors, green and white, and the class flower, the carnation. Miss Asseltine gave an amusing and clever class prophecy. Miss Smith recited "The Last Goodbye." The students and teacher joined in singing songs. County Supt. W. E. Parsons gave the address, which was on "Americanism," and presented the members of the eighth grade with their diplomas after a picnic lunch had been enjoyed. Miss Vendia Bitalls of the Logan school, Mrs. Parsons, and Mrs. Loomis of Seattle, Wash., were also present.

**High School Gym Will Be Studio**

Private lessons to members of the girls' and boys' band will be given at the high school gymnasium Monday and Thursday afternoon from 4 to 6:30 o'clock. Regular rehearsals of the members of the band will take place regularly Monday and Thursday evening at 7:30 o'clock. W. L. Dodson, organizer of the two bands, who has been trying to find a suitable studio in which to conduct his large classes and to give private lessons made these announcements yesterday.

**Entertain For Departing Nurses**

The alumni of St. Alexius hospital entertained in honor of Misses Mary Paski and Anna Kramer, nurses, who will be leaving Bismarck in the near future for work in the East with a picnic supper at Falconer's Grove yesterday evening.

Miss Paski will leave about the middle of the month for New York City where she will complete a post-graduate course in social work before entering upon her career as a social worker in New York. Miss Kramer will go to Cleveland, O., where she will enter a hospital. About 20 nurses and friends of the honor guests were present.

**Ladies to Give Sacred Concert**

A sacred concert will be given at the Eltinge theater next Sunday afternoon. A committee composed of Mrs. Frank Barnes, Mrs. Roy Bonham and Mrs. H. F. Keller, was named by the Women's Community Council to arrange for the concert. The concert is to be given for the benefit of the council which has distributed milk throughout the year to school children and has also maintained a rest room in the Masonic temple for town and country people. Mr. Wagner will play several organ numbers and vocalists of the city will participate. A free will offering will be taken at the conclusion of the concert.

**RETURN FROM CALIFORNIA**  
Rev. and Mrs. J. M. Taylor have returned from Fresno, Calif., where they have been living for some months past. Rev. Taylor returns to his home much improved in health. Warren Taylor, son of Mr. and Mrs. J. M. Taylor, is engaged in engineering work in California and will not return.

**TOTAL FOR POPPY SALE.**  
The sale of Memorial day poppies under the auspices of the American Legion and Auxiliary for the benefit of the Legion and the Auxiliary has netted \$543. The funds will be used to carry on the work which is being done to promote the welfare of ex-service men.

**TO LOCATE HERE**  
Mr. and Mrs. G. F. Robinson of Roundup, Mont., are moving to the city to locate here permanently. Mrs. Robinson is the daughter of William Nelson of Menoken.

**METHODIST AID.**  
The first division of the McCabe Methodist Ladies Aid will meet at

the home of Mrs. F. H. Register, 622 Fifth St., Wednesday afternoon at 3 o'clock. All members are urged to be present. Ladies belonging to other divisions are invited to attend.

**MYRON-ESPESETH MARRIAGE.**  
Miss Norah Myron, daughter of Mr. and Mrs. N. H. Myron of Taylor, and Kippy Espeeth of St. Paul, who were married at Glendive, passed through the city yesterday evening on their way to Fargo, Ashby, Elbow Lake, Detroit, and the Twin Cities, where they will spend several weeks on their wedding trip.

Miss Myron who is a niece of Mrs. J. G. McQuillan, lived in Bismarck for sometime. Mr. Espeeth is an auditor for the railroad. The young people met when Mr. Espeeth was teaching school at Taylor. They will make their future home at St. Paul.

**ATTEND ASSEMBLY OF REBEKAHS.**

Mrs. Nellie Everts left this morning to attend the state assembly of Rebekahs lodge at Grand Forks. Mrs. Everts is chaplain of the state assembly. Mrs. Rose Melser, who is a delegate from the local lodge; Mrs. Jessie Mason, who is a delegate from the Wilton chapter, and Mrs. Bruce, who is a delegate from the Rhame chapter have also gone to Grand Forks to attend the assembly.

**R. & P. W. TO MEET.**

The regular business meeting of the Business and Professional Women's club will be held this evening at 8 o'clock at the club rooms. J. W. Bull will address the members on the subject of parks. Miss Mary Downey, chairman of the State Educational Committee will give a brief resume of her plans for the coming year.

**EASTERN STAR MEET.**

The regular meeting of the Eastern Star will be held at the Masonic temple Tuesday evening at 8 o'clock. There will be affiliation and a social hour after the meeting. Officers are asked to meet promptly at 7:30 o'clock.

**NURSE GOES HOME**

Miss Emma Bruns, nurse at the Bismarck hospital and her sister, Miss Rosella Bruns who has been ill at the hospital, have gone to their home at Crisika. Miss Emma Bruns will resume her hospital duties after a few days absence.

**VISIT IN CITY.**

Mrs. P. H. Butler and family, of Lisbon, spent the week-end with Mr. Butler, who is title examiner for the farm loan department of the Bank of North Dakota. Mr. Butler drove them to Sanborn on their return to Lisbon.

**DELEGATE TO U. T. C.**

Mrs. A. E. Brink left yesterday for Valley City where she is a delegate to the Auxiliary of the United Commercial Travelers which is holding a meeting there. Mrs. Brink will visit with friends while in Valley City.

**MOTOR TRIP TO CANADA**

Mr. and Mrs. Fred D. Riley left Sunday by auto for Liberty, Canada, where they will visit with relatives and friends for a couple of weeks. On the way they will make short stops at various places of interest.

**PAST MATRONS**

Owing to the illness of some members of the Past Matrons club of Bismarck chapter No. 11 the meeting which was to be held Friday at the home of Mrs. Setser has been postponed indefinitely.

**APPEARS IN RECITAL**

Miss Catherine McAllister of Bradock appeared in a recital given by the intermediate students of music at Jamestown College, Saturday. She played a violin solo, "Angel's Serenade" by Braga.

**DISTRICT NO. 4.**

District No. 4 of the Ladies Aid of the McCabe Methodist church will meet with Mrs. J. W. Ferrell, 115 Thayer St., Thursday afternoon at 3 o'clock. All members are requested to be present.

**RETURN HOME**

Mr. and Mrs. H. W. Brademeyer of Taylor who have been visiting their daughter, Mrs. C. H. Gutman and family for several days past have returned to their home.

**MOTORING TO COAST**

Mr. and Mrs. George Gillette left this morning on an auto trip to the Pacific coast. The Gillettes may locate in the west if they find a suitable home.

**TRAINMASTER HERE**

C. T. Sponsel, trainmaster of the Glendive division of Northern Pacific, formerly stationed at Mandan, visited old friends in Bismarck yesterday and today.

**MEMBERS OF STATE BAR**  
S. E. Ellsworth of Jamestown, H. C. De Puy of Grafton, and R. Goer of Devils Lake were in Bismarck today to attend a meeting of the State Bar Association.

**ST. MARY'S SEWING CIRCLE.**

A general meeting of St. Mary's Sewing Circle will be held at St. Mary's school auditorium Thursday, June 8. Members from all divisions please attend.

**WING GRADUATES**

County Supt. W. E. Parsons will present the graduation certificates to members of the eighth grade graduating class at Wing this evening.

**BUSINESS TRIP**

S. D. Boyeson of the Carpenter Lumber company of Minneapolis was in the city over the week end looking after business interests.

**ON MOTOR TRIP**

Mr. and Mrs. H. A. Grocher of Petersburg stopped over the city today on their way to Salem, Oregon. They are motoring through.

**VISITING FRIENDS**

Mrs. H. H. Snyder and daughter of Great Bend are visiting at the home of B. H. Schneider and family.

**FOR A VISIT**

Mrs. Charles Nolan of St. Paul, arrived this morning for a visit with her

**HOW YOU CAN REDUCE 50 POUNDS IN SEVEN MONTHS**

**Famed Woman Writer Tells How A Simple Diet Did That for Her**

**BY MARIAN HALE.**

"Love has its thrills, but these are nothing compared to the emotional reactions of a woman who finds her waistband too loose, following a period of gastronomical negativity."

So says Nina Wilcox Putnam, the short story writer and author of the new book, "Tomorrow We Diet," who succeeds in keeping her income up and her flesh down.

"Once I weighed 98 pounds," Miss Putnam is speaking again. "And I was declared tubercular. After following a doctor's instructions two years I weighed 107-12 pounds."

"Then the doctor said the tubercular condition had disappeared. But it certainly was the only thing that was missing. Otherwise, I was all there and 50 pounds to the good."

"Then I embarked upon the great adventure—getting thin. At first I tried everything. I ate Beastly Buns I read 'Feed and Fade Away.' I wore Dr. Blank's rubber garments."

"Turkish baths intrigued me. Then I found a corset, strongly reminiscent of the Inquisition, which was supposed to put the stomach where the chest should be, and keep it there."

"I went in for electric and human massage, and classical dancing."

"But after all these the scales still hovered close to the 200 mark."

"Then I was driven to dieting. With the help of my doctor, I evolved a system of do's and don'ts that I found effective. By following it I lost 50 pounds in seven months."

"I believe that before following any diet schedule a woman would do well to take up the matter with her doctor."

"I advise every woman, who goes on a strict diet, to take good care of her face and massage it scientifically, otherwise it is likely to become wrinkled."

"I found that I kept my strength and pep unimpaired by eating bran bread three times a day."

"The first month of the diet is hardest, because you see no results."

"How often I reached out a trembling hand and surreptitiously patted

NINE WILCOX PUTNAM

the soft cheek of a Parker House roll, then withdrew it by sheer will power, leaving the little roll unharmed."

"Often the sight of a potato, even the humblest boiled one, brought tears of longing to my eyes. But bread and potatoes are the hand-maidens of avoirdupois."

"Finally 50 pounds had melted away, and I was myself again, I felt more than compensated. What are pies and potatoes against youth and lightness of foot?"

**HOW SHE DID IT!**

**What She Gave Up.**

Potatoes, in every form.  
Rice, barley, cereals, macaroni and spaghetti.  
Soup.  
Bread, cake or pie.  
Pastries, puddings, ice cream.  
Nuts—absolutely.  
Butter and cheese.  
Corn, ripe olives, grapes, bananas.  
Mayonnaise dressing.  
Thickened gravies and sauces.  
Bacon.  
Sugar.

**What She Ate.**

Steak or chops.  
Roast beef, lamb, veal, pot roast, broiled kidneys.  
Turkey, chicken, broiled pork tenderloin.  
Fish except those creamed or fried in butter.  
These vegetables. Spinach, chard, lettuce, asparagus, tomatoes, cucumbers, onions, string beans, fresh peas, summer squash, new lima beans, corn, French or Jerusalem artichokes, vegetable marrow, cabbage, brussels sprouts.  
All fresh fruit.  
Water ices and apple sauce.

daughter, Mrs. C. S. Fossum, 1007 Fifth St., where she will visit for some time.

**LOOKS AFTER FARM.**

John Reuter, of the Rose Apartments, left yesterday for Garrison, where he is looking after farming interests for several days.

**VISITING SISTERS.**

Mrs. Margaret Paul of New England is visiting her sisters, Misses Agnes and Mary Herbeholz, this week.

**BUSINESS TRIP.**

Mr. and Mrs. P. M. Lathrop of Driscoll, were in the city yesterday on a business and shopping trip.

**STATES ATTORNEY**

J. K. Murray, state's attorney from Mott, spent Monday and Tuesday in the city on legal business.

**WEEK-END VISIT.**

Miss Catherine Bleth of Wilton, spent the week-end at the home of Mrs. Hugh McGarvey.

**VISITORS**

Arno Vinje of Steele and Nick Edinger of New Rockford were callers in Bismarck today.

**NURSE ON VACATION.**

Miss Leota M. Ferrell of the Bismarck hospital is enjoying a two weeks' vacation.

**COMES TO CITY**

John Herdebi of Baldwin transacted business in the capitol city today.

**SHOPPERS.**

Mrs. Clyde Newman and daughter

of Wilton, were shoppers here yesterday.

**DRISCOLL CALLER**

A. D. Krugon of Driscoll was a business caller in Bismarck today.

**SPENT DAY HERE**

Miss Elizabeth Prouty of Underwood visited in the city today.

**BUSINESS VISITOR**

E. J. Erickson of Glendive was a business visitor here today.

**VISITOR**

W. A. Carns of Manning visited the city today.

**Hemstitching.**

H. W. Kelley, 211 Broadway, Bismarck, N. D.

**For Sale.**

Choice Canary Singers. Jacob Bull, Dickinson, N. Dak.

**GIRLS! LEMONS BLEACH THE SKIN**

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

**BEET GREENS**

Thinnings of small beets can be used as greens. They provide a delicious vegetable or salad.

**Greens, Country Style**

Two pounds beet greens, one-half teaspoon salt, one tablespoon butter, one-half teaspoon sugar, two tablespoons lemon juice or vinegar, one hard boiled egg.

Wash beets well through four or five waters. Put in a kettle with a close fitting cover.

Add one-half cup boiling water and the salt and boil tightly covered 45 minutes.

Drain and chop. Melt butter, add sugar and add lemon juice slowly.

Pour this sauce over the greens and garnish with slices of hardboiled egg.

This is a good dish to serve with broiled fish or ham.

(Copyright, 1922, NEA Service)

**JADE COMBS.**

High combs of carved green jade and in less expensive substitutes are now being shown. They take the high Spanish comb as their model both in size and in carving, but they have a color note that is quite distinctive.

**Come to the Sewing Circle**

Dance at Schebler's Dairy Farm Friday. Honest to Goodness home made Ice Cream.

**Regular meeting of the**

"Knights of Pythias" Wednesday, June 7, at 8 o'clock.

**When You Try Your Best to Look Your Best**

**ROADS YOU'D LIKE**  
If you drive a car, you'll be interested in this: When the government finishes up the roads it is helping build, the country will have a network of 180,000 miles of surfaced main highways, connecting Atlantic and Pacific coasts and our northern and southern borders.

To travel over that much road, you'd have to drive your car 30 miles an hour, 24 hours a day, for 250 days.

Road projects under way in 1921 amounted to nearly 65,000 miles—about 11 times across the continent and back. During the year Uncle Sam and the states built 11,930 miles of federal-aid highways.

We are developing a great civilization here in America, for road building is in all centuries the measure of progress.

The speed with which, compared with former civilizations, we have flung a network of good roads through our wilderness and mountains and across our plains, is little short of amazing.

The first state road-building program was started only 101 years ago in Kentucky, when Abraham Lincoln was a boy of 12.

Traffic-on-wheels originated in China and Egypt, where carts were first invented.

Those first carts moved on wheels and axles carved out of one solid piece of stone. It took centuries for man to conceive of the axle being separate from the wheels.

The old Romans, master road builders, had 29 paved highways out of Rome. Over pavements of bricks and mineral cement they drove their lumbering chariots with iron-rimmed wheels.

Joy-riders of those days lounged in reed-work baskets mounted on solid wheels about a foot thick.

Think of that when riding in a flivver which seems bumpy.

Man's battle for good roads has been going on for thousands of years, ever since prehistoric man cleared a path through the jungles.

It may be that the roads of the future will be in the air, with flying machines carrying passengers and freight.

That, however, is bound to be a long way off. It is good to dream about. But, meantime, let's keep our feet on the ground and get behind the good-roads movement stronger than ever. Prosperity and recreation come slowly over bad roads.

**EXTINCTION**

Wild animal life will be totally extinct on the North American continent, and in Africa and Europe, within a few years. This prediction is heard on every hand at the annual meeting of the American Society of Mammalogists.

Dr. Henry Fairfield Osborn, museum expert, says: "Nothing in the history of creation has paralleled the ravages of the fur and hide trade which, with the bone fertilizer trade, now threatens the entire vertebrate kingdom."

In three years, on our continent, trappers have killed 23,801,905 moles, 14,853,316 squirrels and 420,590 beavers.

"Be kind to animals" seems to be limited to dogs, cats and horses. Man, the carnivorous hunter, is a parasite.

**CRAZES**

America has an epidemic of "radio flu," says Godfrey Isaacs, managing director of Marconi's wireless company.

He thinks our radiophone boom is premature, and that the equipment we are using will soon be primitive.

That may be. But the radio craze in our country will develop the wireless industry 10 times as fast as if it had been left to laboratory scientists and corporations. Why? Because the knee-pants amateurs, now experimenting with toy outfits, will produce a crop of super-inventors.

Progress is regulated by the law of averages. It depends on the extent to which popular interest is aroused.

**SECRECY**

Marconi succeeds in talking by wireless 100 miles with absolute secrecy. He has some kind of a radio device that virtually makes it impossible for any one to "listen in."

Only a question of time, until new discoveries

will give to radio communication all the privacy of a private telephone line.

Science is neglecting that side of wireless at present, and concentrating on broadcasting. It is a crafty piece of scientific salesmanship, to make the radio industry grow like asparagus. For that purpose, the less secrecy the better.

Secrecy is the extreme opposite of advertising.

**MARS**

This month, Mars is again close to the earth. Marconi will resume his attempts to pick up a wireless message from the far-off red planet, about half the size of our earth.

Vanity makes most people believe that only earth is "inhabited," that the stars are out in space merely as bright specks of light for us to look at.

Antares, in the constellation of Scorpio, is the largest star so far picked up by astronomers' telescopes. It is about 30,000,000,000 times as large as the earth. What is its purpose in the universe? It has one, be sure of that. A definite plan is behind everything in the material world.

**TIME**

Locking at Antares, star so far away that it takes 150 years for its light to reach us at a speed of 186,300 miles a second, you see Antares as it existed in 1772.

This is confusing. It jumbles the past into the present.

Time is the greatest mystery.

The present once was the future, soon will be the past. Future soon will be present, then past. Past once was the future, later the present.

Time is an eternal NOW. What we call past, present and future are merely delusions of our brains. That is why eternal life beyond the grave, is a certainty. Einstein had this in mind when he called time the fourth dimension.

**SPACE**

With the airplane developing marvelous speed, and Marconi trying to pick up a wireless message from Mars, your imagination suggests that some day flying men will travel out among the stars, exploring all nooks and crannies of the great space in which our universe floats like an escaped toy balloon.

That day will never come, though men may travel to the moon, planets and nearest stars outside our solar system.

To travel from one end of the universe to the other, an airplane would have to fly 186,300 miles a second for 1,000,000 years, according to latest guesses by astronomers.

No one can picture an "end" to the universe. If there is an end, what lies beyond? Einstein says space (the universe) is curved, globular like a baseball. What's outside the circuit limit?

**WIRELESS**

Our navy has perfected a radio-scrambling device that "balls up" the enemy's wireless service and puts it out of commission.

The first set of the new befuddling instruments is being installed on a rigid naval airship, under construction at Lakehurst, N. J.

Peace constructs. War destroys. It is the old and seemingly eternal story.

**EDITORIAL REVIEW**

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

**GETTING AT PUBLIC OPINION**

Political diagnosticians have been very busy with primary results which have no meaning and seem to have neglected others which may be quite pregnant with meaning. It has been an early summer diversion to take the nomination of Beveridge for Senator from Indiana and Pinchot for governor of Pennsylvania and ring the changes both ways on their bearing upon the Harding administration. But these same politicians have kept their fingers very gingerly away from those certain primary results which may be taken to bear directly on the subject of the bonus; and the reason is apparent. They have taken all kinds of trouble to assert and explain that the people want the bonus voted and it is no part of their business now to admit they were wrong.

In Pennsylvania six well known members of the House were defeated for renomination. A like fate befell two prominent members in Illinois. Every member of this octette was for the bonus on the ground that the service men demanded it and the people approved it. Senator Pepper was renominated overwhelmingly in Pennsylvania, though he was against the bonus and said he could "conceive of no worse use for public money than to distribute it in doles to young, healthy, self-respecting men merely because they discharged the duties of citizens of their age."

Beveridge could not have been nominated in Indiana and Pepper in Pennsylvania and the eight members of the House could not have been beaten in the two states named if the service men and people generally had been avid for the bonus. Perhaps this is being borne in upon the consciousness of Capital Hill. Little is heard of bonus legislation; nothing is being done. Public opinion is not always expressed by politicians and special interests. Sometimes it takes a long while before Washington realizes what public opinion is.—St. Paul Pioneer-Press.

**"PASSING SHOW OF 1921," GREAT SHUBERT PRODUCTION, COMING HERE**

Willie and Eugene Howard, star comedians.

As one of the important of its bookings for the entire season, the Meadows, Lee and J. J. Shubert will present at the auditorium on June 15 the New York Winter Garden's most stupendous revue, "The Passing Show of 1921" with Willie and Eugene Howard, two of the world's greatest entertainers and a surprising aggregation of stars, not forgetting the famous Winter Garden chorus, a beauty parade of seventy-five gorgeously gowned girls. There is but one "Passing Show," and it comes from the New York Winter Garden, acknowledged as being the leading producing house of musical entertainment in the world. The only other institution like the Winter Garden of a permanent character, is the Gaiety Theater, London. A Winter Garden show, like a Gaiety Show, has a style all its own. The Winter Garden shows are on such a vast scale, in the number of people employed, in novelty and with such a multitude of musical and dancing features that it would be bewildering and confusing to narrate them all. This new "Passing Show," which is the ninth to come from the famous Winter Garden is in two acts and twenty-six colossal scenes—a huge whirling extravaganza of monumental proportions. It is a laughing show, too, for there are many comedy scenes with bright lines galore. As an exhibition of resplendent revelry, it is of monumental proportions. So large is the company and production that a special train is necessary to transport it. Immediately after the performance the company leave for Minneapolis.

**WHAT I SHOULD DO IF I WERE ABOUT TO ENTER THE TELEPHONE BUSINESS**

By E. K. Hall  
Vice President, American Telephone and Telegraph Company

I should first make sure that I was not leaving school before it was absolutely necessary. About half the great leaders in the telephone field came up from the ranks without the aid of college training, but education gets to be a more important factor in success as the business grows more complex year by year.

I think I should ask myself some very candid question. Do I merely want a job, or am I really interested in public service? Would I rather go into a business and ups and downs where the chances that I may get rich quick are about equal to the chances that I will lose everything, or would I rather go into one where employment is regular and advancement is steady but never extraordinary.

The telephone profession is no place for a man who aspires simply to make money. Would I prefer to enter a business which one man can dominate and which I might some day own, or one where I would share in the teamwork of thousands of people? Am I

**A Proclamation**

In solemn session assembled on June 14, 1777, the Congress adopted as the official flag of our Nation the Stars and Stripes. For one hundred and forty-five years, "Old Glory" has stood, the world over, as the emblem of the free. As the years have passed, decade by decade, the sight of its folds has ever served as an inspiration and a beacon light to those oppressed wherever they may have been. In all foreign lands the Flag of this Nation is honored and respected; it is a symbolical not only to freedom of thought and action, but also of unselfish devotion to the principles of equality and liberty.

The love and reverence which we, as citizens of the United States of America, feel for this symbol of our Nation has resulted in the dedication of one day each year on which we may pay homage to our Flag as the insignia of the land where government of the people, by the people, finds its truest expression in all the world.

Now, therefore, I, R. A. Nestos, Governor of the State of North Dakota do hereby set apart and proclaim Wednesday, June 14, 1922, as Flag Day throughout this State.

And it is my hope that not only will we all, on that day, renew our allegiance to the Stars and Stripes, but that each and every citizen and resident of this State will seriously and conscientiously resolve to so conduct himself as an individual and a unit in your system of government, that the Star among the Stars and Stripes representing the State of North Dakota may take on an added lustre and brilliancy so as to make our State the model which others will seek to emulate.

By the Governor:  
R. A. NESTOS, Governor.  
THOMAS HALL, Secretary of State.

A single pair of sparrows and a nest of young ones consume about 3,000 insects a week.

**BIRD NEWS**

"What birds can be satisfactorily identified in the field? When is a best record of scientific value?" These questions are discussed in the January number of The Auk by Mr. Griscom of the American Museum of Natural History. He gives a list of some fifteen birds which he considers practically impossible to identify for certain. These include female and immature birds of certain ducks, terns, hawks, flycatchers and warblers. To this list he adds some twenty-five considered very difficult. The rest of the seven hundred or more North American birds are considered possible of identification as either adults or young.

A strictly scientific identification of a bird would require the examination of details of wings, bill, feet, etc., which could be made only with the bird in the hand. But hundreds of people study birds who may never kill or capture a single one; and the ornithologist who prepares specimens and studies them closely, usually makes notes on many times as many as he collects. Thus a great part of our knowledge of birds is built up from thousands of observations which came from identifying the bird at a distance.

Many birds are easily recognized, yet it is surprising how frequently some of these are misnamed. Mr. Griscom rates lack of study as causing 90 per cent of the mistakes which occur. Possibly no one who reads this note expects to become a "trained field ornithologist," but we are told that this is a necessary if the bird student wishes to make observations of scientific value. Further as a first qualification the student is asked to know by heart the list of birds of his locality, the season, abundance, and characteristic markings of each. Such advice is likely to be very discouraging to the beginner. Probably he does not have such a list, and to commit to memory the details of a list of two hundred birds before beginning to make useful observations, may seem impossible. But everyone can make progress in this direction and it is a useful suggestion. Reports of unusual birds or common ones at unusual times are always likely to be rejected unless the observer can establish his reliability and give reasons for his identifications.

With this installment these notes will close for the season. They have been unusually successful in bringing together interested people and in starting a series of records which we hope will increase and improve from year to year. The latest reports are yellow throat and redstart (the last of the warblers) also scarlet tanager at Jamestown, May 23.

The officers of the Audubon Society wish to express an appreciation of the efforts of those who have contributed to the success of the work: Miss Marian Barber of Wahpeton, Mrs. Dana Wright and Mrs. A. W. Guest of Jamestown, Russell Reid of Bismarck, Joe Bruening of Carrington, Mrs. Louise Herzog of Bowman, Mrs. Lucie C. Olson of Medora, R. L. Humphries of Fargo, J. A. Power of Power, Dr. E. G. DeMott and Prof. Everett Davis of Minot, Mrs. Cyrus D. Wheeler of Hope and Mrs. L. P. Larson of Finley.

**RED WAGON AND ELEPHANTS LIG ANIMAL SHOW COMING**

Steaming this way on their own special train enlarged to five times its former size, on a coast to coast tour, including Canada, playing every city of importance in North America, offering all that is new, novel and up-to-date in the presentation of trained wild beast performances, Christy Brothers' Four-Ring Wild Animal Exposition will exhibit in Bismarck, Monday, June 12, giving two performances only, afternoon at two and evening at eight o'clock.

Hundreds of wild and domestic animals, all highly educated and finished actors, presenting their performance with clock-like precision. Among the feature of the animal numbers are Christy Brothers' \$10,000 group of performing Black-Maned African Lions. A group of performing Black Bears showing almost human intelligence in the presentation of their

many displays. The World-Famous Mixed Group of performing elephants, zebras, horses and dogs, a combination never before successfully trained exhibit; and the marvelous performance by pretty dancing ponies, beautiful high school and steeplechase horses, acrobatic monkeys, riding dogs, goats and sheep are but a few of the many novelties offered.

For the kids from six to sixty, Christy Brothers have mobilized all the nobility of Clownland into one vast army of fun makers, and the skits, sketches and travesties offered by these famous gnomes create an endless chain of real health—giving laughter of the better sort. Scores of famous aerial stars present a series of daring and sensational evolutions in mid-air, combined with the skillful performances of wire walkers, acrobats, and up-side-down performers, round out a program of sterling worth never before offered by any traveling organization. In addition to the wonderful acts and displays presented by the animals, that department offers a most complete study in zoology which is a valuable asset to the children's schooling and adult's knowledge.

Competent lecturers conduct personal tourists through the animal department, giving the history of each and every specimen and their habits. A monster free attraction takes place on the show grounds preceding the opening of the doors for both the afternoon and evening performances. Every child visiting the afternoon performance will be given a free pony or elephant ride, special attendants caring for the kiddies.

6-6

**With the Movies**

**CHAPLIN AT THE ELTINGE**

"Pay Day," Charles Chaplin's newest comedy is being shown at the Eltinge today and Wednesday.

Chaplin appears in one of his imitable laborer roles, looking forward to pay day with the same anxious face with which an expectant parent waits for the doctor to say: "It's a boy." His comedy carries the story at a swift pace from a huge construction plant where a skyscraper is being erected and finally to the haunts of the tenderloin where the workers hang out on pay day, and finally home to the wife. From each set the star obtains a maximum of fun at a minimum of apparent effort.

"Pay Day" is two reels in length and with it will be shown the Goldwyn picture, "The Poverty of Riches," from the story of Leroy Scott. It has an appealing theme and is played by an exceptionally fine cast including Leatrice Joy, John Bowser, Louise Lovely, Richard Dix and others.

**CAPITOL**

A delightfully human story, replete with action and incident, was shown at the Capitol theater, where Elaine Hammerstein, in her newest Selznick picture "Handcuffs or Kisses," remains as the featured attraction for tonight. The role of Lois Walton as portrayed by Miss Hammerstein demands skillful interpretation of many dramatic moods. The story carries an interesting romance through numerous dramatic complications and the action is intense and exciting at all times.

Mildred Harris, whose thousands of admirers are still marvelling at her brilliant work in "Fool's Paradise," wins added laurels in "The First Woman," a rapid-fire comedy with one of the most unusual surprise endings of the year. It is released by R. Pictures and scheduled for exhibition at the Capitol theater tomorrow. "The First Woman" is a story of stage folk with all the glitter and glamor of the gay set that keeps life moving on Broadway.

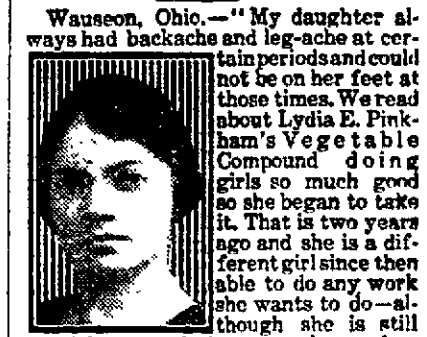

**NEW MINE WILL OPEN**

Zap, N. D., June 6.—B. A. Pratt, representing Pratt Bros., of Minneapolis, spent several days here during the past week and with H. M. Graves thoroughly inspected and tested out the land on which the new company recently secured options. Investigation showed plenty of excellent lignite and work will begin as soon as mining equipment can be assembled. A mine will be opened at the Sierus place and both stripping and underground mining will be used to get out the coal in large quantities. A railroad spur will be built and modern mine machinery will be installed. H. M. Graves, who has been here for several weeks and who has made many friends while in Zap, will be manager of the new concern.

One hundred and ninety-nine German submarines were lost during the war.

**GIRL NOW WELL AND STRONG**

Daughter Took Lydia E. Pinkham's Vegetable Compound as Mother Advised

Wauseon, Ohio.—"My daughter always had backache and leg-ache at certain periods and could not be on her feet at those times. We read about Lydia E. Pinkham's Vegetable Compound, doing girls much good, so she began to take it. That is two years ago and she is a different girl since then. She is able to do any work she wants to do—although she is still careful not to do heavy work—and is well and strong. We recommend Lydia E. Pinkham's Vegetable Compound to all mothers with ailing daughters, and I give you permission to publish this letter as a testimonial."—Mrs. A. M. BURKHOLDER, Route No. 2, Box 1, Wauseon, Ohio.

Something out of balance will affect the finest clock, causing it to gain or lose. The proper adjustment made, all is well. So it is with women. Some trouble may upset you completely.

Lydia E. Pinkham's Vegetable Compound will correct the cause of the trouble and disagreeable symptoms will disappear as they did in the case of Mrs. Burkholder's daughter.

MOTHERS—It is worthy of your consideration.

# MANDAN NEWS

## TELEPHONE MEN SWARM MANDAN TO CONVENTION

Many Features Are Planned For Three-Day Session Which Opened Today

More than 200 telephone men, operators, traffic managers and employees of the Northwestern Bell telephone company and independent telephone concerns are expected before today ended at the 16th annual convention of the North Dakota Telephone Men's association.

C. B. Hughes, Omaha, chief speaker, will demonstrate both sending and receiving apparatus in radio-phony at a meeting to which the radio fans of the district are invited.

A feature will be the annual banquet and dancing party Wednesday evening. Tuesday night the local exchange employees will stage an entertainment of their own to prove that "we girls can do more than say 'number' and 'line's busy'."

First Day, June 6

Morning Session—Opening at 10:00 a. m. sharp.

Address of Welcome—Mr. H. L. Henke, Mayor of Mandan.

Response—Mr. E. T. Judd, Cando, N. D.

Secretary-Treasurer's Report—Mr. H. W. Wilson, New Rockford, North Dakota.

Reports of Standing Committees: Tol. Commission Committee—Mr. J. G. Odgaard, Northwood, North Dakota.

Membership Committee—Mr. F. K. Irons, Starkweather, N. D.

Legislative Committee—Mr. A. J. McInnes, Dazey, N. D.

Taxation Committee—Mr. H. A. Brown, Cooperstown, N. D.

President's Address—Mr. A. J. McInnes, Dazey, N. D.

Appointment of Convention Committees:

Committee on Resolutions.

Committee on Credentials.

Committee on Nominations.

Announcements.

Intermission—12:30 to 2:00 p. m.

Afternoon Session, Opening at 2

Address of Paper—Mr. C. C. Deering, Secretary National Telephone Association, Des Moines, Iowa. Subject to be of his own selection.

Address of Paper—Mr. J. P. Smith, Beach, N. D., member Executive Committee, Subject, "The Importance of Reserve and Its Importance."

Discussion of the paper: Mr. J. G. Odgaard, Northwood, North Dakota.

Mr. G. F. Abbey, Flaxton, N. D.

Mr. Alfred S. Fox, Devils Lake, North Dakota.

Address—Mr. W. H. Stutsman, member State Railway Commission, Mandan.

Address of Paper—Mr. Wm. McEachern, Park River, N. D. Subject: "How to Present Our Case Best to Our Neighbors and Our Public."

Discussion of the foregoing subjects.

Announcements.

Intermission—5:00 to 7:30 p. m.

Ladies will be entertained by the Business and Professional Women's

Visiting Exhibits—From 7:30 a. m. to 9:30 a. m. daily and at all other times when occasion may offer an opportunity.

Evening Entertainment—Open to the public opening at 7:30 p. m. Stereoscopic moving pictures and lecture "Some Phases of Telephone operation and Telephone History," conducted by Commercial Department, Northwestern Bell Telephone company.

MANDAN SCHOOL LEADERS NAMED

Jos. Bergeim, principal of the high school, announced the scholarship ranking for the second semester of the high school which closed this week. The same leaders in the class in general are still at the top with a few new students appearing in the high ranks.

The junior and freshmen classes held the honors for the school at large with the following averages: Josephine Zahn, 96.50; Marie McGinnis, 96.00; Rose Hoplauf, 96; Edna Blach, 95; Margaret Stein, 95.75; June 3, Freshmen 2.

The ranking of classes is as follows:

Seniors: Everett Peterson 92.50; Michael Tokach, 91.50; Esther Rask, 88.50; Ruth Walters 87.75; Evelyn Harris, 87.25.

Juniors—Josephine Zahn, 96.50; Marie McGinnis, 96.00; Margaret Stein, 95.75; Ruth Walker, 92.50; Clara Walker 91.25.

Sophomores—Lillie Christensen, 93.75; Palma Fristad, 91.00; Irene

TRAINING SCHOOL CLASS CONFIRMED

The confirmation of a class of eighteen from the State Training school was made the occasion for a special service at the Lutheran church Sunday morning, when a congregation that filled the church met to witness the unusual event and also to hear an address by Governor R. A. Neeson.

The ceremonies of confirmation and the baptism of five of the class was performed by Rev. J. Fylling. There was special music by the choir.

Supt. McClelland of the Training school also gave an address and directed his remarks particularly to the class that had just taken the vows that bound them to the church saying that in keeping the vows they would not only be counted as supporters of the great church of Christ, but that they would be more useful and honorable citizens wherever they might be.

Recently one of the gloves he wore the day he disappeared was found on the bank of the creek and Mr. Christenson, phoned in to Coroner John K. Kennelly to learn if the glove he found yesterday was a mate to that found some three weeks ago.

Coroner Kennelly is investigating. If the gloves correspond it is held that there can no longer be doubt that Killeh fell or was butted by a mother-in-law into the spring break-up of the Muddy creek, was drowned, and his body probably carried down into the Muddy river and then to the Missouri. The Christenson farm is some distance from that of Killeh.

17 GRADUATE FROM SCHOOL

Commencement exercises and special services for the eighth grade graduates of the St. Joseph's parochial school were held at 8 o'clock Sunday in the Catholic church.

The commencement address was delivered by Rev. F. Clement who also presented the diplomas to the graduates.

The seventeen members of the graduating class are: Rose Barth, Marion Hecker, Alexander Pitterer, Julia Pitterer, Peter Feth, Ermina Fredericks, Felecia Klein, George Heibing, Frank Knoll, Adam Hoffmann, Rose Friesz, Frederick Steinbrueck, Marion Schafer, Margaret Schmidt, Jacob Reidinges, Edward Loran and Eva Fischer.

MARRIED IN JAMESTOWN

Victor O. Mattson, formerly of Mandan, a carpenter in the employ of the Northern Pacific, and Miss Anna, daughter of Mr. and Mrs. George Schwarz of Jamestown, were united in marriage at the Catholic church in that city at 7 o'clock yesterday morning. Following a wedding breakfast they left for Mandan and are spending the day in the city before going to Seattle, Portland, San Francisco and other western points on a month's honeymoon. Both are well known in the city.

Dr. B. S. Nickerson left last evening for Detroit, Minn., to attend the summer meeting of the Northern Minnesota Medical Association.

Mrs. Chas. Spink and son, Harold left by auto yesterday for Fargo to visit friends for a few days.

Dr. and Mrs. C. A. Henderson and son have returned to their home at Jamestown. Dr. Henderson will still be unable to get around for a few weeks because of a sprained ankle sustained a week ago when he was thrown from a horse at the Boley farm north of the city.

Chas. Pinn left for Miles City, Mont., where he has accepted a position in a photograph studio in that city.

Harvey Bollinger, son of Jacob Bollinger of Flasher, is in Mandan visiting friends. He has just returned from the Salvation Army training college where he has been for the past year.

George Wirtz is spending the summer at the home of his parents, Mr. and Mrs. Jacob Wirtz. He has been attending Marquette University at Milwaukee.

## FILIPINO MIDGET SEEKS FIGHT

**Pancho Villa Wants a Go With Champ Title in View**

With one Latin—Luis Firpo of Argentina—trying to break into the Anglo Saxon fighting game among the big men, another Latin in the person of Pancho Villa of Manila—if a Filipino's a Latin—is trying to break in among the little ones.

Pancho, who appears to be no relative of the Mexican Villa, is in this country from the Orient under the management of Francis Churchill, "father" of Filipino boxing. Churchill called to Johnny Buff last winter an offer of \$20,000 and expenses to meet Villa in Manila. No answer. So Villa's here to urge the matter.

"Pancho is 35, weighs 105, and in the two years he has been fighting, so Churchill says, has licked every bantam and flyweight outside of Europe and America. Other experts who have seen him in action pronounce him a wonderful two-fisted little fighter.

MRS. A. SCOTT

## 22 YEARS A BOWLER

**This Woman Athlete Keeps Her Youth Downing Pins**

Women who try to hide the signs of age by artificial means only seek to "look" young, Mrs. A. Scott of Los Angeles says. Her idea is to "stay" young.

She does it by exercise, mostly bowling. Just how old she really is she doesn't say, but she doesn't deny she's in the 50s, and she's been a bowler for 22 years. She's the oldest woman bowling fan in America, she asserts.

Recently Mrs. Scott won the Pacific coast individual woman's cham-

## Morvich Winning the Kentucky Derby

Morvich winning the Kentucky Derby at Churchill Downs by almost two lengths. Bet Moss, No. 7, passing John Finn, on the rail, to win second place by a head.

## GLAD OTHERS DID SO WELL, RUTH DECLARES OF RIVALS

Babe Ruth isn't a bit selfish or jealous of the honors which were conferred on Ken Williams while the bambino was out of the game.

Following his return, Babe poled out his first home run in his third game of the year. Hitting against Elam Van Gilder of the St. Louis Browns he smashed a fast ball into the right field stands at the Polo Grounds. That swat marked his 1922 debut as a circuit hitter—his initial effort to overtake the lead of 11 home runs which, at that time, Ken had in advance of him.

Since then Ruth has scored another. Ken has accumulated three more.

Asked what he thought about Williams, Babe replied:

"That guy is a great hitter. He certainly takes a mean cut at the ball. He has quite a start on me, but I'll get him before October.

**Fine for Baseball.**

"It's a fine thing for baseball to have some one take my place in such good style. Williams' work has been a big thing for the American League. It has kept the home-run laurels in our league during my absence.

"Then the work of Williams, as well as a number of other major league players, has given me something to shoot at—offered some keen competition.

"I am sure the public is and will be greatly interested in my effort to take the lead again in the matter of home runs. Every day the fans will be following the box score to see what I did at bat, as well as the players I am trying to overtake.

"Such competition stirs up interest—makes the old game. Perhaps my suspension will work out for the best from every angle.

"Without any 'braggo' I feel that had I been in the game from the start of the season I would be out in front in the matter of home runs. As it is, I am trailing far in the rear, up against a stern battle in an effort to hold my crown as the home-run king.

**Sure of Success.**

"It's going to be a tough job, but I feel capable of coming through."

Ruth is in good shape, lighter than at any time for several years. True, his eyes is not on edge. Batting practice doesn't make perfect. One must face real pitching in actual competition to get a head on the ball. Ruth ought to be on his game in a week or 10 days.

Frankly, Babe doesn't expect to break his record of 59 homers, regardless of all the bunk that has been written on that subject.

That doesn't mean that he isn't going to keep on trying. If trying means anything he will more than break last year's mark.

For some reason Babe says 44 home runs will lead the league this year, and he expects to make that many despite his late start.

## For Strictest Amateur Rule in Student Sport

The question of professionalism in college sports has become a very important one throughout the whole country.

In principle there are few dissenters from the view that the amateur status must be maintained among student athletes with all strictness. However, there's just one exception favored in some quarters. Those who support this exception maintain that there's no good reason why the members of college teams shouldn't play baseball for money during vacation without classing themselves among professionals. Otherwise, it's argued, some of them might not be able to stay in athletics or even to continue their education.

Writing under the heading "Professionalism in College Athletics," in the Michigan Chimes, student paper of the University of Michigan, Coach Fielding H. Yost, director of intercollegiate athletics, regrettably admits the soundness of this contention, but "the rules," he says, must be made for the many and not for the few.

**Must Maintain Rule.**

"One sport," he adds, "cannot for long be differentiated from the others, nor can one season."

In short, Yost asserts, in effect, if baseball and the vacation season are to be made exceptions, then the exceptions will become the rule. And then what?

"In the first place," says Yost, "the college teams would be composed almost entirely of professionals. The ordinary students could not hope to

pointshin, scoring 219 in a single game, and she wasn't in especially good form, either, she explained.

## LEGAL NOTICES

**NOTICE TO CREDITORS**

In the Matter of the Estate of Ontie J. Collman, Deceased.

Notice is hereby given by the undersigned John S. Collman, Executor of the last Will of Ontie J. Collman, late of the Town of Hildott in the County of Stephenson and State of Illinois, that all persons having claims against said deceased, to exhibit them with the necessary vouchers, within six months, after the first publication of this notice, to said Executor at the office of said J. S. Collman, at the office of H. H. Murphy, his resident agent, in the City of Bismarck, in said North Dakota.

Dated April 18th A. D. 1922.

JOHN S. COLLMAN, Executor.

First publication on the 18th day of April A. D. 1922.

SULLIVAN, HANLEY & SULLIVAN, Attorneys for Executor.

Mandan, North Dakota.

## POLICEMAN HAS MANY KINDS OF DUTIES IN CITY

(Continued from Page 1)

prohibition law, were reported for the year, most of the charges being that of drunkenness. In addition some arrests for disorderly conduct grew out of drunken rows.

The commission received a letter from E. O. Ward, Frank G. Grambs, A. L. Lund, Fred Peterson, Geo. F. Will and E. A. Dawson accompanied by petitions said to bear 200 names in which the petitioners stated: The 250 names on the petition were secured by regular mail without individual solicitation; the petitioners submit that at this time no county or city funds should be used for construction of a road to the new bridge; that the city commission should decide whether, when and where there shall be a federal aid road, and enter into any such projects with the government; that the plan of the city commission to make Rosser street the official highway through the city should stand; that federal aid may be secured for such part of highways where houses are not closer than 200 feet apart; requesting the city to take steps to prevent use of county funds for construction of federal aid project No. 136, the Main street road.

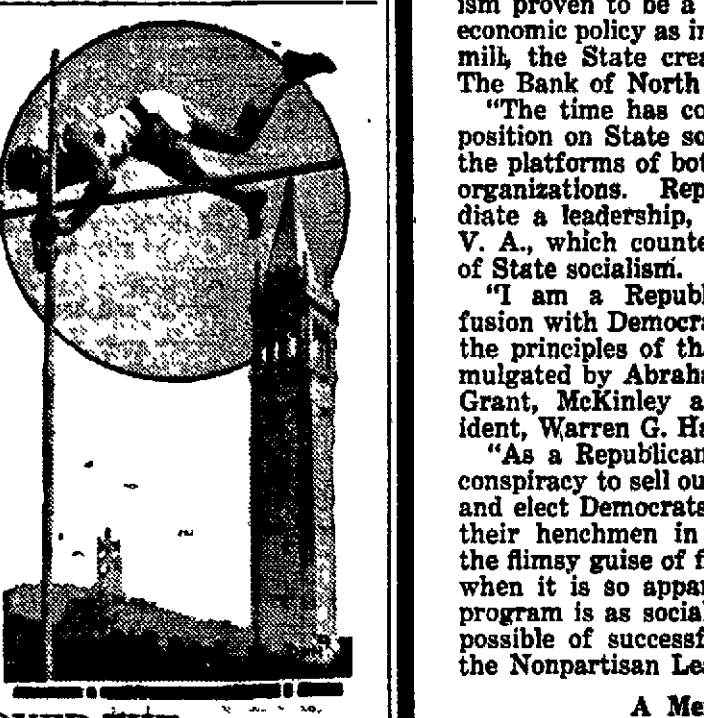

The commissioners ordered the report received and filed, with the expression that the petitions should properly go before the county commissioners and that the city could not act since many of the petitioners live outside the city.

The police magistrate reported fines and costs during the month amounted to \$117.20.

E. M. Stanton, city bacteriologist, reported the city water was within standards and that all milk and cream samples inspected were within standards.

Bills were allowed as follows:

Street and sewer dept. payroll.	\$157.50
Wachter Transfer Co.	192.50
C. W. Henzler	19.50
Joseph Katz	110.00

## OVER THE CAMPANILE

**At Least That's How Stanford Vaulter Shows Up Here**

William Black of Stanford University pole-vaulted 150 feet into the air, if you take this photograph's word for it.

That is to say, the University of California campanile is 150 feet high, and the picture shows Black with his feet—apparently—just ready to land on its roof.

The truth is that the photographer snapped his camera just as Black was atop the bar and happened also to include the campanile, some 400 feet in the background. It was the snapshot man's position which made his record look so peculiar.

The pole-vault, as a matter of sober fact, was 12 feet 9 inches.

## TONGUE HURT: PASTOR QUILTS

Flasher, N. D., June 6.—Rev. Fr. Francis X. Brauenig, pastor of the Flasher and Fallon Catholic churches, was honored on his 33th anniversary of ordination into the priesthood at special services at Sandusky, Ohio, but was informed by physicians at the same time that he never would again be able to preach or sing or say mass, according to information received here.

Father Brauenig was taken ill this spring and went to Chicago and underwent an operation for removal of a growth from his throat which necessitated removal of part of his tongue. He will not return to his local parish.

## WANT BOYS' I. O. O. F.

Williston N. D., June 6.—The legislative committee of the I. O. O. F. lodge of Williston has submitted a report, recommending to the grand lodge that its delegation to the supreme body, support a movement already on foot to create a junior branch of the order for boys from 18 to 21 years of age, similar to the De Mqley order in the Masonic lodge. It also asked the grand lodge to authorize the general use of a life membership plan, already in use in Williston, whereby a payment of \$75 guarantees the mem-

## A TALK WITH A BISMARCK MAN

A. L. Hubert, Retired Deputy Sheriff, of 122 First Street, Tells of His Experience

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Bismarck man.

"I don't know of any remedy I can recommend more highly than Doan's Kidney Pills," says Mr. Hubert. "I used them about five years ago when suffering from an attack of kidney complaint. Lumbago was the worst symptom of my complaint. There were times when I had to lay off from work for several days, my back was so painful. The kidney secretions contained sediment and burned in passage. I went to Lohr's Drug Store and got three boxes of Doan's Kidney Pills and they were not long in showing beneficial effects upon my system. The three boxes cured me.

ber immunity from further regular dues payments while this sum remains on deposit.

# Clean the Slate and Save the State

**There Should Be No Further Compromise With State Socialism. Getting Back to Solid Ground Means Abolition of the So-called Industrial Program in North Dakota. This Platform is the Pledge of Harvey L. Stegner, Republican Candidate For Governor.**

"A crisis confronts the State of North Dakota, which neither the Nonpartisan League nor the I. V. A. organization has the courage to face. Candidates indorsed by both of these factions are asking the support of the electorate upon a program of continued State socialism.

"In announcing my candidacy for the Republican nomination for Governor at the June primaries I challenge the position of both League and I. V. A. machines upon the issues of Socialism.

**Scrap All State Owned Enterprises.**

"I favor scrapping all the State industries, favored alike by the League and I. V. A. organizations, to the end that prevailing ruinous taxes may be reduced and the sale of bonds for socialistic ventures to further burden the people of this State may be stopped.

"I favor turning the key in the door of the Bank of North Dakota, an institution which upon the admission of the I. V. A. Administration has lost more than \$600,000.00 and promises to lose much more before liquidation is complete.

**Opposed To Finishing Mill**

"I am opposed to the completion of the mill and elevator at Grand Forks, where millions of the taxpayers' money are being foolishly squandered solely to bait votes and to experiment in State socialism proven to be a fallacious and ruinous economic policy as in the case of the Drake mill, the State creamery at Werner and The Bank of North Dakota.

"The time has come to take an honest position on State socialism as reflected in the platforms of both League and I. V. A. organizations. Republicans should repudiate a leadership, whether League or I. V. A., which countenances a continuation of State socialism.

"I am a Republican and opposed to fusion with Democrats to the detriment of the principles of that great party as promulgated by Abraham Lincoln, Ulysses S. Grant, McKinley and our beloved President, Warren G. Harding.

"As a Republican I am opposed to the conspiracy to sell out the Republican party and elect Democrats to office and to place their henchmen in favored places under the flimsy guise of fighting State socialism when it is so apparent that the I. V. A. program is as socialistic, Utopian and impossible of successful fruition as that of the Nonpartisan League.

**A Mere Sham**

"This sham should be exposed and all Republicans who cherish the credit and

fair name of this great State should rally to the defeat of socialism whether fathered by the I. V. A. bosses or League henchmen.

"I am opposed to delivering the State to the loan sharks and money barons of St. Paul and Minneapolis and deplore the recent utterances of Governor R. A. Nesotos when, hat in hand, he waited in the outer lobbies of the great financial institutions of the Twin Cities to tell their officers that 'North Dakota is not broke.'

"I am for North Dakota, for North Dakotans and the settlement of our economic problems without interference or dictation on the part of the great money brokers of the Nation, who willingly assist the I. V. A. machine in its mad plunge into State socialism because that means profits for them. Before the Recall the same financial ring was eager to take North Dakota bonds from the Nonpartisan League machine. The Recall shifted the sale of State securities from Toledo to the Twin Cities.

"I will challenge with all the power at my command the incompetency of the Nonpartisan League administration and deplore its record of maladministration. But under the I. V. A. program of State socialism the same condition will occur unless the electorate check a continuation of the socialistic enterprises. There can be no real progress toward normalcy in North Dakota unless there is an end to compromise on the issue of State socialism.

**Opposes Nestos-Baker**

Millions have been lost or sunk in State owned industries and neither Governor Nestos or his opponent B. F. Baker can defend the industrial program for which they both stand in view of the deplorable record made and the losses incurred, all of which must be paid by the people of North Dakota.

"I appeal to those who desire to make a fight for principle rather than for office and for political plunder. If nominated and elected, I pledge to work for the immediate abolition of the State industrial program and will lend what influence I can as Governor to the summoning of a constitutional convention to rewrite the organic law of this State and restore sane representative government and eradicate every vestige of socialism from its State Constitution.

"Upon these issues and pledges I announce my candidacy for the Republican nomination for Governor at the Primaries, June 28th."

# THE CLEAN-UP TICKET

**For Governor—H. L. Stegner, Bismarck, N. D.**  
**For Commissioner of Agriculture and Labor—Siver Serumgard, Devils Lake.**  
**For Secretary of State—Joseph A. Kooker, Dawson, N. D.**

**A vote for these men at Primaries, June 28, is a vote out of Tax Bondage. They are pledged to REDUCE not BOOST Taxes.**
